Hi All,

Thanks for participating China Focus Virtual Partnering Conference. It's the last day of the event, and this is a kind reminder that you have scheduled meetings today.

Please login <https://chinafocus1on1.meeting-mojo.com/> and review your schedule.

Please try to access your meeting and test the equipment (you could start the video even it's not the meeting time yet) before scheduled time.

If you have any questions, please feel free to reach out to me by phone or email. I would love to assist. Thank you.

Kind regards,

Lili Jiang
