He will be the one missing out on the opportunity as there will be no interview in 2017. He had also expressed to me he needed to make a decision in the end of June. Sounds like he already made it.

Hi Ramona,

I mentioned to Steve that I have to find a place to live by end of June as my apartment complex is going through new renovations. I have found a house to rent and have paid security deposit to move in by June 27. In light of this development, I would like to defer the interview till early 2017 if that is ok with you and Steve.

Thanks,

Hassan.

Hi Hassan,

Do you have a day that you could travel to NJ for an in person interview. I thought the week of June 27th would work. Steve asked if you can do a presentation on Pathways and Barriers on Transmucosal Permeation. Let me know if that is ok.

Warm Regards,
