

Search Report on Patent Application No. 099123277

1. Application date: July 15, 2009					
2. Priority date: None					
3. International Patent Classification (IPC) number of this case: <i>H01L21/336</i> (2006.01) , <i>H01L21/28</i> (2006.01) <i>H01L29/78</i> (2006.01)					
4. Search International Patent Classification (IPC) range: H01L H01L21/00~21/98 (2006.01), H01L27/00~29/96 (2006.01)					
5. Search using database name (keyword): TIPO domestic and foreign patent database, EPO, USPTO, JPO, GOOGLE SCHOLAR, China Patent Information Database
