Counsel, the subject IPRs are in the Director review portion of the PTO's bifurcated process. After that portion ends and the Director issues a decision, Petitioner may file the requested 5-page Reply within a week of the Director's decision, and Patent Owner may file a 5-page Sur-reply within a week thereafter.

To the Board,

Petitioner writes to request supplemental briefing in response to Patent Owner's POPR to address unexpected technical arguments. Petitioner has met and conferred with Patent Owner, who disagrees that any technical arguments were unexpected, but does not oppose Petitioner's request for supplemental briefing on the condition that Patent Owner also be permitted to file limited supplemental

briefing.

The parties therefore jointly propose the following supplemental briefing plan:

10/17/2025 – Petitioner's 5-page Reply

10/31/2025 – Patent Owner's 5-page Supplemental Sur-Reply

If the Board desires a call to discuss this request, the parties will provide their availability for a call per the Board's instructions.
