Your Honors,

The parties have settled their dispute and intend to move to terminate the IPRs as soon as possible. The parties request authorization to file motions to terminate the above-identified IPRs. The parties also request the oral hearing scheduled for tomorrow be canceled in view of the parties' forthcoming motion to terminate.

Should the Board require a conference call, the parties will make themselves available.

Respectfully,

Chetan Bansal
Counsel for Patent Owner

Counsel,

The parties' request to postpone the hearing for a second time is denied. The oral argument will remain scheduled for September 15, 2026, absent a joint request of the parties to waive the hearing.

The parties may continue to pursue settlement. However, the parties are cautioned that the panel may not be inclined to terminate the proceeding based on prolonged settlement discussions. Consistent with the Trial Practice Guide, the Board generally expects a proceeding to terminate following the filing of a settlement agreement, unless the Board has already decided the merits of the proceeding. See Trial Practice Guide, Section II.N.

Your Honors,

An oral argument is scheduled on September 15, 2026 in the above-identified IPRs. Patent Owner Helsinn and Petitioner Azurity have made significant progress in their settlement discussions. Given these ongoing negotiations, Helsinn would like to request a 15-day extension for the oral hearing date to September 30 to allow the parties to potentially reach an agreement, including resolution of these IPRs. If that date does not work for the Board, the parties can discuss other potential dates and get back to the Board.

Helsinn conferred with counsel for Azurity, who indicated that Azurity does not oppose this request.

Should the Board require a conference call, the parties will make themselves available.

Respectfully,
