Chris,

Regardless of that order, we reiterate Samsung's offer that if CM HK agrees not to assert those two patents against Samsung, Samsung will agree not to pursue IPRs against them. Please let us know whether CM HK agrees to that proposal.

Thank you,
Ariell

Liza,

Please see Dkt. 67:

20 The Court will grant the motion in part and deny it in part. The deadlines set forth in the
21 Court's January 15, 2025 Scheduling Order, ECF No. 47, remain in full effect as to United States
22 Patent Nos. 10,852,846 and 11,698,687. As to United States Patent Nos. 10,275,038 and
23 10,817,072, the deadlines to serve infringement contentions and invalidity contentions are vacated.
24 The Court will reset those deadlines as to the '038 and '072 patents, if necessary, after the Court

Sincerely,

Chris Evans

Subject: Samsung v. CM HK, Ltd., Case No. 4:24-cv-06567 (N.D. Cal.)

Dear Michael and Chris,

Defendants' January 28 infringement contentions did not assert infringement of the '038 and '072 patents. Please be aware that we will oppose any attempt by Defendants to allege infringement of those patents. That said, to minimize the disputes between the parties, we propose that Defendants agree not to assert those two patents against Samsung in exchange for Samsung agreeing not to pursue IPRs against them.

Please confirm whether this is acceptable to Defendants.

Best regards,

Liza
