Science Team

Team of Neurosurgeons, Neuroscientists, Mechanical Engineers, Material Scientists, and Coaches

Collaboration over 8 years.

Robert Knight, M.D.

Founder, Professor of Neuroscience, Neurology and Neurosurgery, UC Berkeley and UCSF. Expert in frontal lobe function and TBI

Ram Gurumoorthy, Ph.D.

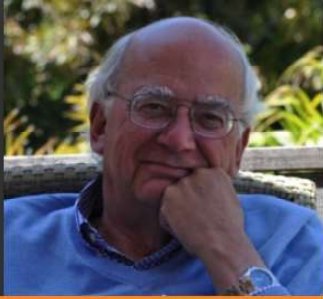

UC Berkeley, Founder

Mark D'Esposito, M.D.

Advisory Board, Professor of Neuroscience and Neurology, UC Berkeley and UCSF, Director of

Michael Gazzaniga, Ph.D.

Advisory Board, Director SAGE CENTER for Study of Mind UCSB

Geoff Manley, M.D., Ph.D.

Advisory Board, Vice Chair Neurosurgery UCSF, International expert on TBI, Consultant to the NFL, NIH and Military, Director National Traumatic Brain Injury Longitudinal Study

the Brain Imaging Center at UC Berkeley, Expert in Frontal Lobe Function and TBI

Donna Sorensen, Ph.D.

Advisory Board, Director of Neuropsychology, Veterans Administration Northern California, Expert in Military TBI and PTSD

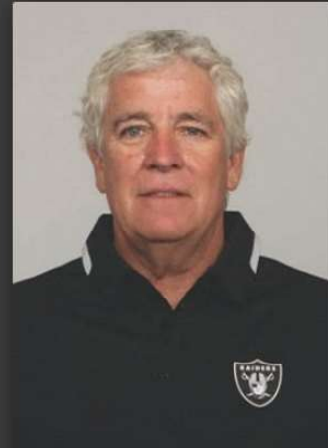

Mohammad Mofrad, Ph.D.

Advisory Board, Professor of Bioengineering and Mechanical Engineering, UC Berkeley, specializing in smart materials and bio-modeling

Kevin Healy, Ph.D.

Advisory Board, Professor of Bioengineering and Materials Science, UC Berkeley, specializing in interactions between materials and tissue

Rod Martin

Advisory board, Head Athletic Trainer, Oakland Raiders
