Subject: IPR2025-01044 - Unopposed Request to Excuse Late Filing of POR

CAUTION: This email has originated from a source outside of USPTO. PLEASE CONSIDER THE SOURCE before responding, clicking on links, or opening attachments.

Dear Honorable Board,

For IPR2024-01044 , Patent Owner's Response (Paper 22) was filed at 12:18 AM Eastern, about 20 minutes after the February 18, 2026 deadline.

Patent Owner respectfully requests that the late filing be excused and that the POR be deemed timely. Alternatively, Patent Owner requests authorization to file an unopposed motion to extend the deadline for filing the POR by one day (from February 18 to February 19, 2026).

Patent Owner believes that excusing the late filing by 20 minutes is supported by good cause and would be in the interests of justice. Patent Owner had unforeseen scheduling and technical issues that slightly delayed the filing.

Patent Owner and Petitioner have conferred, and Petitioner does not oppose the requested relief. Should the Board desire a conference call, the parties can be available at the Board's convenience.

Thank you,

/ Philip X. Wang /
