Counsel,

The Board's earlier responses to Petitioner's October 24, 2025 email requesting authorization for supplemental briefing, both authorizing such briefing and subsequently rescinding the briefing, were issued before the panel assigned to this proceeding had acted on the request. The assigned panel has now determined that the requested additional briefing would be helpful, and Petitioner's request is therefore granted.

Petitioner is authorized to file a 3-page preliminary reply, due no later than November 10, 2025, limited to addressing the issue of "the prior art status of references relied upon in the Petition." Patent Owner is authorized to file a 3-page preliminary sur-reply due no later than November 14, 2025, limited to addressing the same issue.

To the Board,

Petitioner respectfully submits that Patent Owner's characterization of Petitioner's request is misleading. Petitioner identified the cause for the additional briefing as "to address arguments raised by Patent Owner as to the prior art status of references relied upon in the Petition." As indicated by Petitioner, the Board has found numerous times that good cause exists for a Reply to Patent Owner's Preliminary Response to address Patent Owner's discussion of whether a reference relied upon in the petition is properly available as prior art. See, e.g., *Haag-Streit AG, v. Eidolon Optical, LLC*, IPR2018-01309, Paper 11 (PTAB Nov. 1, 2018); *Metromont Corp. v. Reigstad & Associates, Inc.*, IPR2021-00467, Paper 7 (PTAB Jun. 14, 2021).

Should the Board believe a conference call would be helpful in resolving this question,

Petitioner can provide data and time for such a call.

Respectfully,

Dear Board,

Patent Owner Wiz, Inc. opposes Petitioner's request for reply briefing in IPR2025-01086 and -01087, including because Petitioner has not identified good cause for such briefing.

However, should the Board determine to grant the briefing request, Patent Owner agrees with Petitioner that under those circumstances it would be appropriate to also grant Patent Owner a sur-reply of equal length.

Respectfully,

Subject: IPR2025-01087: Request for Leave to File Reply to Patent Owner Preliminary Response

EXT - robin.snader@eriseip.com

To the Board:

Pursuant to 37 C.F.R. § 42.108(c), Petitioner Orca Security Ltd. seeks leave to file a short reply brief to the Patent Owner Preliminary Response in IPR2025-01087 to address arguments raised by Patent Owner as to the prior art status of references relied upon in the Petition. Petitioner respectfully requests that the Board authorize Petitioner to file a reply and Patent Owner to file a sur-reply, each of no more than 5 pages. Good cause exists for the briefing, and the Board has frequently granted such limited reply briefing in similar circumstances.

Petitioner's counsel conferred with Patent Owner's counsel on Wednesday, October 22, to inquire whether Patent Owner would object to this request. On Friday, October 24, Patent Owner's counsel responded that they were conferring with their client and expected to be able to provide their position early next week.

Respectfully,
Robin Snader
Counsel for Petitioner Orca Security Ltd.
