**Re: Notice of Wi-Fi 6 License offer**

Dear Sir or Madam,

Sisvel International SA (“we” or “Sisvel”) is a world leader in fostering innovation and managing intellectual property. As such, Sisvel has been granted a license to grant rights to patents essential to the 802.11ax standard, as defined by IEEE (“Wi-Fi 6 Standard”), owned or controlled by the patent owners in the Wi-Fi 6 patent pool administered by us, currently being Huawei Technologies Co., Ltd. (“Huawei”), Mediatek Inc. (“Mediatek”), Koninklijke Philips N.V. (“Philips”), SK Telecom Co., Ltd. (“SKT”) and Wilus Inc. (“Wilus”) (such patents referred to as “Pool Wi-Fi 6 SEPs”). In our role as a licensing administrator of this pool, it is our responsibility to the patent owners to ensure their R&D efforts and the resulting patents are fairly and adequately rewarded, to actively engage in detecting and resolving the unlicensed use of their patents, and to provide a service to the marketplace as a source of licensing this valuable portfolio on fair, reasonable and non-discriminatory terms.

We have become aware that Samsung Electronics Co., Ltd. and its affiliates (referred to collectively as “Samsung” or “your company”) have been offering and selling products that implement essential features of the Wi-Fi 6 Standard. Non-limiting examples of such products are found in **Attachment 1** to this letter. By incorporating technical aspects of the Wi-Fi 6 Standard, and in the absence of a relevant license, these products infringe the Pool Wi-Fi 6 SEPs. Please be aware that infringement of a valid patent may give rise to certain remedies for the rights owner. For those companies that are unwilling to take a license under such patents and decide to ignore intellectual property rights owned by other parties, remedies may include orders to cease and desist the offer and sale of the relevant products, and/or awards of monetary damages and enhanced damages.

Sisvel hereby offers your company a license under the Pool Wi-Fi 6 SEPs (“Pool License Offer”).

Please find, in **Attachment 2**, a list of the patents that each respective patent owner believes to be Pool Wi-Fi 6 SEPs, that are included in the Pool License Offer. Exemplary claim charts are available to download upon request: data room address and login credentials can be obtained by sending an email requesting so, with reference to this letter, at [WiFi6-Licensing@sisvel.com](mailto:WiFi6-Licensing@sisvel.com).

By signing a license agreement with Sisvel, your company’s products would be licensed for their use of the Pool Wi-Fi 6 SEPs, under fair, reasonable and non-discriminatory (“FRAND”) terms. Full terms and conditions can be found in the template Wi-Fi 6 pool license agreement under the following link: <https://www.sisvel.com/Wi-Fi-6/Sisvel-Wi-Fi-6-Sublicense-Agreement-template.pdf>

SUCCESSFULLY FOSTERING AND VALORIZING INNOVATION SINCE 1982

Under the Pool License Offer, the royalty rate per licensed product shall be:

For Enterprise Access Points (as defined in the Wi-Fi 6 pool license agreement linked above):

Compliant rate: EUR 3.00

Standard rate: EUR 3.60

For all other Finished Products (as defined in the Wi-Fi 6 pool license agreement linked above):

Compliant rate: EUR 0.50

Standard rate: EUR 0.60

We believe that the terms of the Pool License Offer, including the royalty rates, are FRAND, which also results from the analysis in **Attachment 3**, where we provide some insight into how this reasonable royalty was reached.

In the event you consider any of your company's products to be already licensed under some or all of the patents under the Pool License Offer for the relevant fields of use, please inform us accordingly by providing the necessary evidence supporting such belief.

For the avoidance of doubt, nothing in this letter or the Pool License Offer shall be construed as restricting or otherwise burdening the right of any person or legal entity, including any licensee, to challenge the validity of any of the patents before a court of competent jurisdiction or a competent patent office, as the case may be. If Samsung is of the opinion that one or more of the identified products that your company has been offering and selling does not fall within the scope of the Pool License Offer, or that any of the patents may be invalid or exhausted, we would appreciate receiving any evidence supporting this opinion so that we may assess it.

We assume and expect that you will forward this notice letter, and the details contained herein, to all entities within your company and inform the relative persons accordingly. For clarity, the Pool License Offer made to your company would cover all of Samsung Electronics Co., Ltd.'s affiliates.

We consider that the offer in this letter, together with the supporting materials attached, provides your company with all information reasonably required to determine the necessity of concluding a license agreement under the Pool Wi-Fi 6 SEPs. We request a substantive reply to the present before September 16, 2022.

Yours sincerely,

**Andrea Rombolá**
