Welcome to Edge Systems' new website

Edge Systems now introduces its newest device, the HydraDerm™. It is a medical-grade upgrade of Edge Systems' previous device. With more than 11 peer-reviewed studies, it is widely accepted to be a huge leap in hydradermabrasion technology. You now have the opportunity to offer your patients with the most sophisticated non-surgical modality by using the HydraDerm in your practice.

You can choose from any of the following solutions or serums for your patient's customizable needs: Activ-4™, Beta-HD™, Antiox-6™, Antiox-Plus™, GlySal™, DermaBuilder™.

What's new: the medical-grade HydraDerm™

ABOUT US

Edge Systems™ is the manufacturer of the HydraDerm, which is the gold standard in medical-grade mechanical exfoliation devices. It is considered to be the next generation in microdermabrasion technology -- due to the simultaneous dermal infusion of medicinal products and crystal-free exfoliation. Hydradermabrasion is mainly used for skin revitalization, pigmentation treatments, and scar reduction. Edge Systems has been helping physicians and aesthetic business owners capitalize on the unique and growing opportunities in the Hydradermabrasion market since 1996. Over the years, we've consistently focused on delivering tangible benefits to both providers and their clients. Specifically, we help providers enhance their practice with exceptional hydradermabrasion serums & solutions that can improve the health, well-being, and quality of life of their clients. In 1996, we were the originators of the principles behind the Hydradermabrasion.

CLINICAL SUPPORT

As long-term partners with our customers, we will work with you for increased patient throughput & customer competitiveness. Our knowledgeable field engineers ensure the best in product support and customer service, making Edge Systems the leader in the industry.

SERVICE SUPPORT

We are there when you need us. Edge Systems offers customers excellent assistance and responsiveness. The company operates a 24/7 technical call center for ongoing technical support. Warranty plans, service contracts, spare parts ,and consumables are available to meet your clinical and business requirements. In addition, a global network of technicians and engineers are augmented by an inventory of parts so that we are ready to keep you up and running.

PRACTICE BETTERMENT

At Edge Systems, we are committed to your success. We offer a range of programs and services to help you build your practice. Our marketing tools allow you to customize marketing materials to enhance & promote your practice. Choose from a wide array of items including advertisements, presentations, patient education materials, letters, public relations, and more. The marketing tools help build your aesthetic patient base and generate referral services.

FINANCING ASSISTANCE

Edge Systems will work with you to design a financing program on the Hydradermabrasion to match your business requirements. We offer a 36-monthly payment plan at a 0% interest rate.

REGULATORY AND BUSINESS CONSULTING

Edge Systems offers our customers free regulatory and business consulting. Through Edge Systems, you can work with a veteran regulatory and business consultant to help you navigate state regulations, state legal requirements, medical malpractice insurance, and the business aspects of starting your aesthetic practice.

MANUFACTURING

The Hydradermabrasion is manufactured at our facilities in the USA. Our products conform to all relevant US and international standards, including CE and CSA. All Hydradermabrasion devices are manufactured in the USA. Edge Systems meets all the highest standards for quality control -- including the ISO 9001 standard, CE marking, and the FDA's current good manufacturing practices (cGMP) for both the medical device and our proprietary cosmeceutical products.

SERUMS & SOLUTIONS

Edge Systems' serums and solutions are clinically formulated to target various dermal conditions. For example, sun damage, wrinkles, fine lines and clogged skin pores.

1. **ACTIV-4™ solution**

   Used to cleanse the skin with a unique synthesis of Lactic acid. This was clinically shown to inhibit tyrosinase enzyme activity directly. Tyrosinase catalyses the first two steps in mammalian melanogenesis (leading to a long-lasting pigmentation). These chemicals are also helpful for reducing acne vulgaris, rosacea, pityriasis versicolour, sun-damaged skin (*hyperpigmentation*), and brown/liver spots (*solar lentigo*).

2. **BETA-HD™ solution**

   Beta-hydroxy acid (2% Salicylic acid) is especially helpful against both acne and oily-skin. It softens the sebum and helps to dislodge any skin debris. This, in turn, assists in painless extractions of both whiteheads and blackheads. This solution is recommended for seborrheic dermatitis, psoriasis, keratosis pilaris, and ichthyosis. Many clinical studies have shown that acid peels decrease corneocyte cohesion, thereby allowing the abrasion to be more efficient.

3. **ANTIOX-6™ solution**

   Antioxidant solution that helps reduce free-radicals within the epidermis.

4. **ANTIOX-PLUS™ solution**

   An exclusive hydrating solution that contains a mixture of Hyaluronic acid, Retinol, CoQ_{10}, and White Tea Extract. This solution is able to suppress the UV-induced inflammatory response in dermal fibroblasts. Furthermore, this compound can block the UV induction of the matrix-eroding enzyme, MMP-1. This solution is especially effective for dry & scaly skin (*xerosis*), such as that caused by atopic dermatitis (*eczema*).

5. **DERMABUILDER™ serum**

   Peptides have been clinically shown to improve the appearance of fine lines and wrinkles; in addition to increasing the skin's firmness, tone, and texture. In this serum, Pep-1 is used as an amphipathic cell-penetrating peptide to transport collagen into fibroblast cells. Collagen is the major extracellular matrix structural protein synthesized by fibroblasts. It is a primary component of the connective tissue located in the dermis where it imparts strength and support.

6. **GLYSAL™ serum**

   A combination of Glycolic acid and 2% Salicylic acid, this serum is excellent for skin brightening and to decrease the melanin content of sun-damaged skin, age spots, freckles, and hand-skin discoloration. Different concentrations of GlySal™ are available, depending on the amount of Glycolic acid that is desired (30%, 15%, or 7.5%). This serum combines physical & chemical peeling to achieve optimal results. However, by dermally infusing both Glycolic and Salicylic acid, it greatly reduces the downtime that is found in regular topical chemical-peeling procedures.

HYDRADERMABRASION

The new medical-grade HydraDerm resurfacing system, greatly increases the dermal penetration ability of a wide variety of medicinal products. This enhances the ability of several types of solutions and serums to positively affect both the dermis and epidermis. Your patients benefit from the Hydradermabrasion simultaneous exfoliation, extractions, and hydration.[1] Through a

technique called cyclonic-fusion™, you can dermally infuse various medicinal products into your patient's skin. Many of the nation's top dermatologists and plastic surgeons are using the HydraDerm™ today on their most demanding patients.

Hydradermabrasion has been clinically shown to elevate transcription factors, primary cytokines, and matrix metalloproteinases by improving the trans-epidermal delivery of certain medications. In addition, it can increase type-I procollagen messenger RNA and protein levels in most patients. In one aspect, Hydradermabrasion works by activating a dermal remodeling or wound-healing cascade, with minimal epidermal disruption. The partial ablation and homogenization of the stratum-corneum layer afforded by Hydradermabrasion™ allows increased skin permeation by hydrophilic drugs. The pneumatic action of the vacuum helps pull the skin taut, while at the same time, the epidermis is bombarded with either a solution or serum that corresponds to your patient's needs.

Edge Systems was the first company to introduce the concept of combining (a) crystal-free microdermabrasion with (b) the simultaneous dermal infusion of medicinal solution, in 1996. Since then, Edge Systems has represented the front-line in research & development in this industry. Constantly developing and refining new techniques to improve overall skin health.

According to the American Society of Aesthetic Plastic Surgeons, microdermabrasion has been one of the top 5 non-surgical procedures performed for the past 10 years. At the same time, patients are turning to their dermatologist or cosmetic surgeon for medical-grade skin care in greater numbers than before.

Patients appreciate that Hydradermabrasion™ is a non-invasive, non-surgical method of delivering long-lasting results with little discomfort or downtime. The amount of erythema, or redness, after a Hydradermabrasion™ procedure is much less than with other microdermabrasion treatments. Hydradermabrasion™ has also been the subject of several peer-reviewed clinical studies that have demonstrated both its effectiveness and safety.[2]

One of the handpieces used by the HydraDerm combines the highest quality diamond-assisted microdermabrasion, with the simultaneous delivery of potent topical serums past the epidermis -- and down into the dermis. This HydraPeel™ handpiece contains a diamond-treatment head, which removes the upper-most portion of the epidermis, also called the *stratum corneum*.[3] The skin is pulled into the lumen of the handpiece, thereby stretching it tightly so as to better allow the special diamond-encrusted tip to properly exfoliate. The selected solution lubricates the movement of the handpiece in order to reduce discomfort, while concurrently propelling the topical solution deep inside the newly exfoliated skin.

CLINICAL STUDIES

Edge Systems works to discover and develop innovative, safe, and effective ways to prevent or treat some of the world's most challenging dermatological diseases. Annually, we normally reinvest approximately 25% of our profits into research & development; we also work with more than 40 partners in academia and industry. We are committed to the safety of patients who take part in our sponsored trials, and uphold the highest ethical standards in all of our research initiatives.

In several peer-reviewed clinical studies, the Hydradermabrasion was clinically proven to be effective for facial rejuvenation and other treatment modalities. Below, you can read dozens of clinical studies on topics related to the both the HydraDerm system and the different solutions & serums offered with the HydraDerm system:

---

1. Peer-Reviewed Clinical Studies On The Hydradermabrasion™ Treatment:

- *Journal of the American Academy of Dermatology (JAAD). 2009 Mar.* Hydradermabrasion: An innovative modality for nonablative facial rejuvenation.

  Key results: “The addition of polyphenolic antioxidants through Hydradermabrasion enhanced the clinical, biochemical, and histological changes”.

- *Journal of Cosmetic Laser Therapy. 2009 Sept.* Topical polyphenolic antioxidants reduce the adverse effects of intense pulsed light therapy.

  Key results: “The concurrent pneumatic topical application of polyphenolic antioxidants (Hydradermbrasion) reduced lipid peroxidation”.

- *Clinical, Cosmetic and Investigational Dermatology. 2014; 7: page 238.* Skin resurfacing procedures: new and emerging options.

  Key results: “A study on the efficacy of hydradermabrasion for facial rejuvenation was conducted comparing volunteers who received hydradermabrasion facial treatments using an antioxidant serum or who just received the same antioxidant serum manually applied to the skin. Six treatments were conducted on a 7-10 day interval to determine whether antioxidant levels could be increased in the skin and skin quality improved with this technique. Results of this study demonstrated that hydradermabraded skin possessed increased epidermal and papillary dermal thickness as well as greater antioxidant levels. Further histological examination saw a replacement of elastic dermal tissue, collagen hyalinization, and fibroblast density correlating with a decrease in the appearance of fine lines, pore size, and hyperpigmentation in hydradermabrasion treated areas 6 weeks post-treatment with no patient complications”.

- Journal of Chemistry & Biodiversity. 2014 Apr. The role of the conformational profile of polysaccharides on skin penetration: the case of hyaluronan & its sulfates.

  Key results: “Using a fluorescent-labeled polysaccharide, it was also evidenced that hyaluronans have a great affinity for corneocytes and likely cross the stratum corneum mainly through a transcellular route”.

- *Journal of Dermatological Treatment. 2009, Vol. 20, No. 2.* Topical antioxidant application enhances the effects of facial microdermabrasion.

  Key results: “Skin treated with Hydradermabrasion demonstrated significantly increased epidermal and papillary dermal thickness, and increased fibroblast density ($p<0.01$)”.

- *Journal of the American Academy of Dermatology. 2005 Feb.* Microdermabrasion: a molecular analysis following a single treatment.

  Key results: “Microdermabrasion activates a dermal remodeling/wound healing cascade with minimal epidermal disruption”.

- *Journal of Cosmetic Dermatology. 2008 Dec.* Hydradermabrasion: an innovative modality for nonablative facial rejuvenation.

Key results: "Hydradermabrasion's mechanism of actions includes: (a) mechanical stimulation activates the basal layer, (b) thickening and smoothing the epidermis. Fibroblast activity results in extracellular matrix deposition and dermal thickening. Antioxidants introduced through the procedure hydrate and decrease inflammation in the skin, reversing photo damage, while protecting lipid membranes, collagen fibers and enzyme systems".

TECHNOLOGY

In clinical studies performed by leading US and Canadian doctors, the HydraDerm™ was shown to provide better results than many other forms of dermal rejuvenation. The HydraDerm™ is the first medical device that uses the "4-in-1" technology of Cleansing, Exfoliation, Extraction, and Infusion.[1] The Hydradermabrasion™ provides the physician using it in their practice, the ability to offer another treatment modality to resurface the skin more effectively than IPL treatments.[2] While at the same time being, less invasive than both surgery or laser treatments.

[1]Journal of Dermatologic Surgery. 2001 Dec;27(12): 1031-3 The epidermal and dermal changes associated with microdermabrasion.

[2]Journal of Cosmetic Laser Therapy. 2009 Sept. Topical polyphenolic antioxidants reduce the adverse effects of intense pulsed light therapy.

RESULTS

Hydradermabrasion treatments can be used to target many skin conditions. See below for examples of before & after photos of patients who were treated with Hydradermabrasion. Click on the images to enlarge them:

PRICING

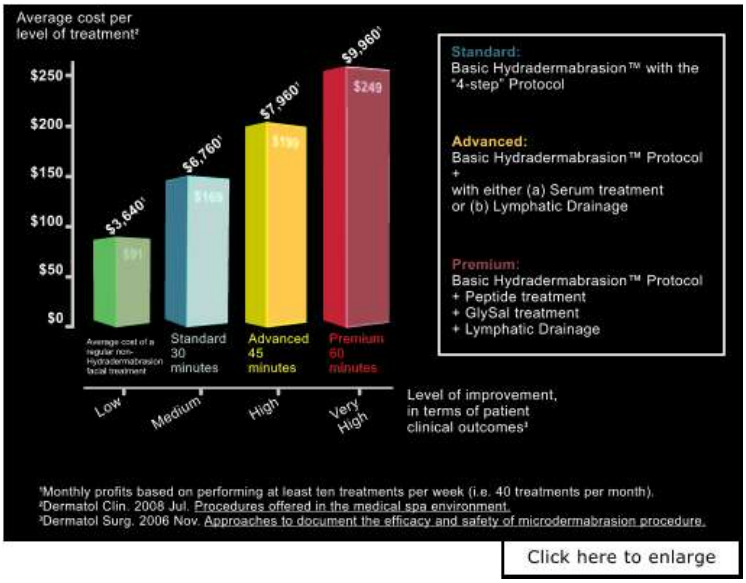
The HydraDerm™ includes the following features and accessories:

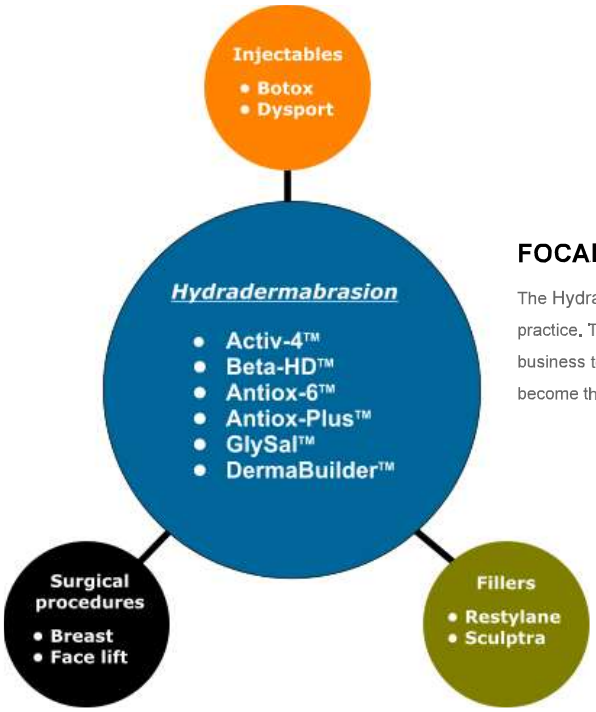
Price	$21,300
# of peer-reviewed clinical studies	11
Sale restricted to licensed practitioners	Yes
Financing	36 to 62 months at 0%
15" color-screen display	Yes
# of optional solutions & serums	6
LEDs	Yes
Application of liquid with cyclonic-fusion	Yes
Application of liquid with a diamond-tip	Yes

Avg. consumable costs per treatment	$11.25
# of solutions attached to device	4
Lymphatic drainage	Yes
Length of warranty	Free for the first 5-years
Manufacturer	Edge Systems
Peptide serum	Yes (DermaBuilder™)
Glycolic and Salicylic acid combo	Yes (GlySal™)
Serum infusion with sterilized vials	Yes
Trade-in Policy	Yes (market price)

PROFITABILITY

The HydraDerm™ will prove to be the most profitable medical device in your practice. For example, even with a "regular" 30-minute procedure, the HydraDerm™ allows you to double your profits per hour and treat a greater number of patients each day. See the graph to the right for a "monthly profit" estimate.





FOCAL POINT

The HydraDerm™ is more affordable for your clients, provides instant results, and keeps patients returning to your practice. To maintain lasting skin health, patients should come in for monthly visits, which in turn allows your business to offer ancillary services with Hydradermabrasion treatments. The Hydradermabrasion will therefore become the "Focal Point" of your practice, allowing you to generate substantial profit growth.

FAQs (Frequently Asked Questions)

1. Does the HydraDerm™ have a manufacturer's warranty?

- Yes, each HydraDerm™ comes with a full five-year warranty (parts & labor). In addition, if the device were to ever breakdown during the first five-years of ownership, then a loaner could be sent to you while your device was being repaired at our facilities.

2. Why should I consider purchasing a HydraDerm™ from Edge Systems?

- Edge Systems was the original developer of the concept of combining microdermabrasion with simultaneous dermal infusion, back in 1996. Since then, we have consistently led the industry in new advances and improvements. For example, with the HydraDerm™, the operator is visually guided through each treatment by the large screen display, that sits on top of the HydraDerm™. This allows the owner of the device to use their staff interchangeably to operate the HydraDerm™ since the learning threshold is very low. Therefore, you would not need to have dedicated staff member just for this device. With the HydraDerm™, you can offer your patients an authentic hydra facial treatment for the first time.

3. Do you sell to estheticians, or only to doctors?

- The HydraDerm™ is only sold to licensed practitioners because it is considered to be a medical-grade device. Therefore, we would need a copy of your license before we can complete the sale to you.

4. Is there a trade-in policy?

- Yes, we offer a trade-in program for your currently used microdermabrasion device. We will assess the value of your current equipment, and deduct the value of your equipment from the price of your new Hydradermabrasion purchase.

5. Where is the Hydradermabrasion manufactured?

- The HydraDerm™ Tower is manufactured at our production facilities in the USA.

6. Do you offer financing?

- Yes, we offer you a 36-month payment plan at a 0% interest rate.

7. What kind of support can I expect to get from Edge Systems?

- When you purchase a HydraDerm™ you're making a wise investment in your practice's growth potential. Edge Systems is committed to helping you make the most of that investment. Through our marketing support, you'll receive increased patient visibility, enhanced office marketing materials, and a dedicated support channel. Firstly, you will be allowed to use the valuable trademarked term "*hydradermabrasion*" in both your marketing literature and website. Additionally, we include SEO linking, that directs back to your practice's website. Lastly, Edge Systems' representatives are available to provide you with marketing guidance and support—when and how you need it.

8. Are there consumable costs?

- Yes, you would need to purchase new solution bottles and vials. However, the tips are made out of stainless-steel and are reusable, with a short disinfection treatment, between each patient. For better hygiene purposes, all of the main parts in the HydraDerm are autoclavable -- including the diamond-tips, HydraPeel™ tips, and the hand-pieces. The average consumables cost for an average treatment is $11.

9. What kinds of solutions or serums are included with the Hydradermabrasion?

- **Activ-4™**
- **Beta-HD™**
- **Antiox-6™**
- **Antiox-Plus™**
- **GlySal™**

- DermaBuilder™.

TREATMENTS

The Hydradermabrasion™ resurfacing procedure thoroughly treats your patient's skin.[1] Using the most advanced technology in the market today, the Hydradermabrasion protocol is both efficient and effective.[2] The four-step protocol will achieve lasting results with neither downtime nor discomfort[3].

STEP 1 — Cleansing and Exfoliation
Dead skin cells are removed from the epidermis.

STEP 2 — Acid Peel
Peeling helps loosen dirt and debris from the pores.

STEP 3 — Extractions
Painless extractions use cyclonic suction to clean out pores.

STEP 4 — Hydration
Antioxidants and Hyaluronic Acid are infused to both nourish and protect.

MARKETING

We work with you to create a consistent brand image and actively promote both the Edge Systems and Hydradermabrasion brand-names. We provide a complete marketing strategy to help maximize the impact of the HydraDerm in your facility.

Our team of marketing professionals has extensive backgrounds in advertising, press, promotions, graphic design, print media, and social media. Thereby providing your staff with the resources and knowledge of an entire marketing firm.

CLINICAL SUPPORT

As long-term partners with our customers, we will work with you for increased patient throughput & customer competitiveness. Our knowledgeable field engineers ensure the best in product support and customer service, making Edge Systems the leader in the industry.

SERVICE SUPPORT

We are there when you need us. Edge Systems offers customers excellent assistance and responsiveness. The company operates a 24/7 technical call center for ongoing technical support. Warranty plans, service contracts, spare parts ,and consumables are available to meet your clinical and business requirements. In addition, a global network of technicians and engineers are augmented by an inventory of parts so that we are ready to keep you up and running.

PRACTICE BETTERMENT

At Edge Systems we are committed to your success. We offer a range of programs and services to help you build your practice. Our marketing tools allow you to customize marketing materials to enhance & promote your practice. Choose from a wide array of items including advertisements, presentations, patient education materials, letters, public relations, and more. The marketing tools help build your aesthetic patient base and generate referral services.

CAREERS

If you are interested in a career with the Hydradermabrasion at Edge Systems, then please email your resume to: support@edge-systems.com

We are currently seeking qualified applicants for the following career opportunities:

1. ACCOUNT MANAGER (AESTHETIC TRAINING & SALES)

The ideal candidate will be based in the US. This person must have outstanding relationship management skills, great training etiquette, excellent presentation skills and have past account management experience in the medical aesthetic field. This is a Full-Time position for a knowledgeable and experienced professional with a minimum of 5-years experience.

Skills and Abilities
- 5-years or more of experience in the aesthetic field
- Ability to travel is a must, position requires 50% regional travel
- Licensed Aesthetician is a bonus
- In-depth knowledge of skin and skin care ingredients
- Excellent communication and presentation skills are a must
- Ability to work independently and as part of a team
- High self-motivation and strong desire to exceed goals
- Possess a sense of urgency, strong organizational and follow up skills
- Must be comfortable speaking and educating to groups of all sizes
- Have an upbeat and high energy personality

Job Duties (other duties may be assigned as needed by the Division Manager)
- Coordinate and execute field trainings
- Develop and maintain lasting customer relationships
- Educate customers on equipment and products
- Analyze territory information to optimize routing and achieve results
- Assist customers with events and marketing strategies

This is a unique opportunity with huge growth potential for a results-driven Training & Sales Professional. Please, No phone calls. Principals only. Recruiters, please don't contact this job poster. Do NOT contact us with unsolicited services or offers. Send e-mail to: support@edge-systems.com

2. SALES REPRESENTATIVE

We are looking for experienced professionals from the medical/aesthetic industry to join our team. You will be a salaried active member of the sales force, providing demonstrations and trainings of our capital equipment.

We are seeking highly motivated and experienced individuals to market our leading edge technologies and products. In addition, you will be responsible for effectively communicating our vision and strategies. Our unique sales presentation allows you to not just sell products, but to demonstrate the possibility for better business and profitability.

Duties and Responsibilities:
- Act as a Business Sales Consultant, committing to and following our proven sales presentation.
- Work in conjunction with the marketing department to portray a unified image.
- Plan and execute strategies to meet current sales projections and new business development and continually seek out new lead potential.
- Generate new sales leads and send activity reports on a weekly basis.
- Follow up promptly with company issued leads.
- Coordinate the transition from the initial sale to an ongoing customer account.
- Act as liaison for customers in your territory, providing support when needed.
- Must have reliable transportation to drive within the territory and occasional traveling to company trade-shows.

Skills and Abilities
- Excellent communication and presentation skills.
- The highest level of professionalism.
- High self-motivation and strong desire to exceed goals.
- Ability to work independently and as part of a team.
- Possess a sense of urgency, strong organizational and follow up skills.

Experience Required
- Professional appearance and presentation
- 3 years of professional outside sales experience. Preferably Business to Business.

Please, No phone calls. Principals only. Recruiters, please don't contact this job poster. Do NOT contact us with unsolicited services or offers. Send e-mail to: support@edge-systems.com

TRADEMARKS

Edge Systems™ claims the following trademarks:

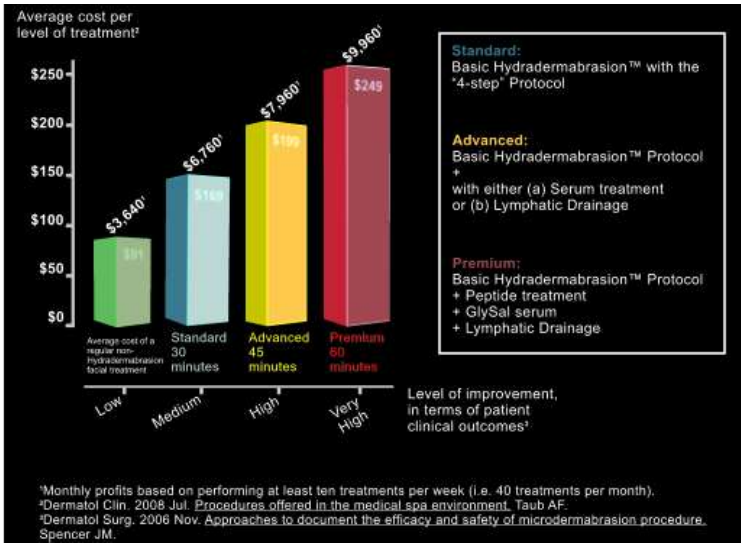
Edge Systems™, Hydraderm™, Hydradermabrasion™, Cyclonic-fusion™, Hydrapeel™, Dermal Beauty™, Activ-4™, Beta-HD™, Antiox-6™, Antiox-Plus™, GlySal™, DermaBuilder™.

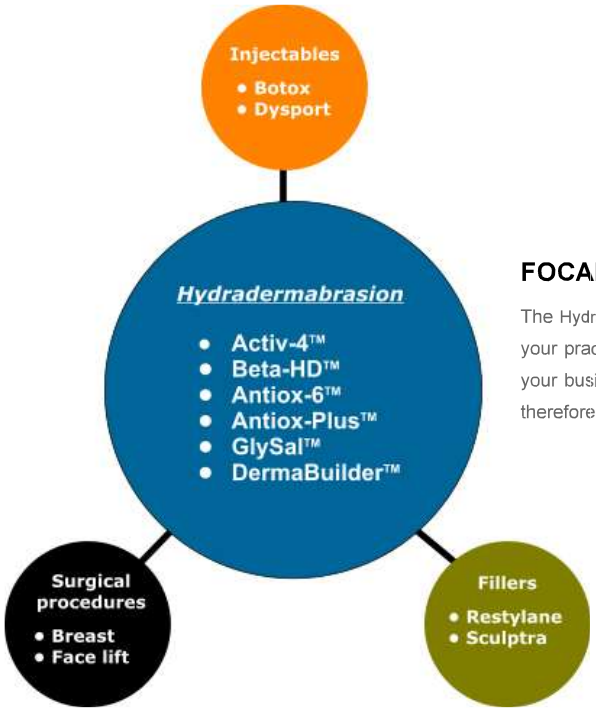
Send any questions to support@edge-systems.com.

Site Map. Copyright 2014 by Edge Systems. Caution: US law restricts this device to sale by or on the order of a licensed practitioner.

PROFITABILITY

The HydraDerm will prove to be the most profitable medical device in your practice. For example, even with a “regular” 30-minute procedure, the HydraDerm allows you to double your profits per hour and treat a greater number of patients each day. See the graph to the right for a “monthly profit” estimate.





FOCAL POINT

The HydraDerm is more affordable for your clients, provides instant results, and keeps patients returning to your practice. To maintain lasting skin health, patients should come in for monthly visits, which in turn allows your business to offer ancillary services with Hydradermabrasion treatments. The Hydradermabrasion will therefore become the “Focal Point” of your practice, allowing you to generate substantial profit growth.

TERMS OF USE

Welcome to the website ("Site") of Edge Systems., ("Edge Systems", "we", or "us"), www.edge-systems.com (the "Site", or "Web Site"). Edge Systems is the sole owner of this Site. Set out below are terms and conditions for use of this Site. You agree to be bound by these terms if you use our Site. Be sure to check this page periodically for updates, as your continued use of the Site signifies your acceptance of any changed items. BY USING THE SITE, YOU AGREE TO THESE TERMS OF USE; IF YOU DO NOT AGREE, DO NOT USE THE SITE.

Governing Law; Dispute Resolution
You agree that all matters relating to your access to or use of the Site, including all disputes, will be governed by the laws of the United States and by the laws of the State of Florida, without regard to its conflicts of laws provisions. You agree to the personal jurisdiction by and venue in the state and federal courts in Miami-Dade County, Florida, and waive any objection to such jurisdiction or venue. Any claim under these Terms of Use must be brought within one (1) year after the cause of action arises, or such claim or cause of action is barred. Claims made under the separate terms and conditions of purchase for goods and services are not subject to this limitation. No recovery may be sought or received for damages other than out-of-pocket expenses, except that the prevailing party will be entitled to costs and attorneys' fees. In the event of any controversy or dispute between Edge Systems and you, arising out of or in connection with your use of the Site, the parties shall attempt, promptly and in good faith, to resolve any such dispute. If we are unable to resolve any such dispute within a reasonable time (not to exceed thirty (30) days), then either party may submit such controversy or dispute to mediation. If the dispute cannot be resolved through mediation, then the parties shall be free to pursue any right or remedy available to them under applicable law.

Our Intellectual Property
Edge Systems claims the following trademarks: Edge Systems™, Hydraderm™, Hydradermabrasion™, Cyclonic-fusion™, Hydrapeel™, Dermal Beauty™, Activ-4™, Beta-HD™, Antiox-6™, Antiox-Plus™, GlySal™, DermaBuilder™.

Our Site and all of its contents (articles, text, photographs, images, illustrations, graphics, video material, audio material, and software — collectively, the "intellectual property"), are protected by copyright, trademark and other laws of the United States, as well as international conventions and the laws of other countries. The intellectual property is owned or controlled by Edge Systems or the party credited as the provider of the intellectual property. Additionally, the Site itself is protected by copyright as a collective work and/or compilation.

No portion of this Site may be reproduced, duplicated, copied, sold, or otherwise exploited for any commercial purpose that is not expressly permitted by Edge Systems.

You may browse through the Site and occasionally download small amounts of materials appearing on the Site that are of interest to you. You must keep intact all copyright, trademark and other notices contained in your personal copies. Except as otherwise provided in these Terms & Conditions, you may not reproduce or allow others to reproduce your personal copies of downloaded materials, nor may you make them available electronically without our express written consent. You may not save or archive a significant portion of the material appearing on the Site. You may not attempt to alter or modify the content posted on the Site. Except as expressly set forth in these Terms & Conditions, you may not copy, download, display, distribute, publish, enter into a database, perform, modify, create derivative works, transmit, post, decompile, reverse engineer, disassemble or in any way exploit any of our intellectual property or the Site itself.

Proper Use of Our Site
You may not use this Site for any purpose that is unlawful or prohibited by this Terms and Conditions statement, or cause damage on or through this Site. You promise that none of your communications with or through the Site will violate any applicable local, state, national or international law.
You agree to defend, indemnify and hold Edge Systems, its officers, directors, employees, agents, licensors, business associates, and suppliers harmless from and against any actual or threatened claims, actions or demands, liabilities and settlements including, without limitation, reasonable legal and accounting fees, resulting from, or alleged to result from, your use of the Site in a manner that violates or is alleged to violate this Terms and Conditions statement or any applicable law.

Transactions
Certain areas of this Site enable you to apply to join one or more of the Edge Systems' seal programs. The terms of those programs and the terms governing your application to and participation in those programs are set forth in the License Agreement[s] for such program[s]. Your receipt of an electronic or other form of order confirmation does not signify our acceptance of your application, nor does it constitute an acceptance into the program. Edge Systems reserves the right after receipt of your order to accept or decline your application as provided in the License Agreement governing the particular program[s] for which you apply.

Disclaimer of Warranty, Limitation of Liability, and Release
Edge Systems does not guarantee the accuracy of information found on the Site. Your reliance on information found on the Site is at your own risk. THE SITE, AND ALL ITS CONTENTS, IS PROVIDED TO YOU "AS IS". Edge Systems MAKES NO WARRANTIES OR REPRESENTATIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, NON-INFRINGEMENT OF THE RIGHTS OF THIRD PARTIES, DATA ACCURACY, OR QUIET ENJOYMENT.

UNDER NO CIRCUMSTANCES WILL EDGE SYSTEMS OR ANY OTHERS INVOLVED IN CREATING THE SITE AND ITS CONTENTS BE LIABLE FOR ANY DAMAGES OR INJURY, INCLUDING ANY DIRECT, INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, PUNITIVE OR OTHER DAMAGES RESULTING FROM ANY CIRCUMSTANCE INVOLVING THE SITE OR ITS CONTENT (INCLUDING BUT NOT LIMITED TO DAMAGES OR INJURY CAUSED BY ERROR, OMISSION, INTERRUPTION, DEFECT, FAILURE OF PERFORMANCE, MISDIRECTED OR REDIRECTED TRANSMISSIONS, FAILED INTERNET CONNECTIONS, UNAUTHORIZED USE OF THIS SITE, LOST DATA, DELAY IN OPERATION OR TRANSMISSION, BREACH OF SECURITY, LINE FAILURE, DEFAMATORY,

OFFENSIVE OR ILLEGAL CONDUCT OF ANY USER OF THIS SITE, OR COMPUTER VIRUS, WORM, TROJAN HORSE OR OTHER HARMFUL COMPONENT), EVEN IF YOU HAVE ADVISED EDGE SYSTEMS IN ADVANCE OF THE POSSIBILITY OF SUCH DAMAGE.

EDGE SYSTEMS DOES NOT WARRANT OR MAKE ANY REPRESENTATIONS REGARDING THE MATERIALS ON THIS SITE IN TERMS OF THEIR TIMELINESS, CORRECTNESS, ACCURACY, RELIABILITY, OR OTHERWISE. WHILE WE MAKE REASONABLE EFFORTS TO PROVIDE ACCURATE AND TIMELY INFORMATION ABOUT EDGE SYSTEMS ON THIS SITE, YOU SHOULD NOT ASSUME THAT THE INFORMATION PROVIDED IS ALWAYS UP TO DATE OR THAT THIS SITE CONTAINS ALL THE RELEVANT INFORMATION AVAILABLE ABOUT OUR COMPANY. WE UNDERTAKE NO OBLIGATION TO VERIFY OR MAINTAIN THE CURRENCY OF SUCH INFORMATION.

Applicable law may not allow the exclusion of certain warranties or the limitation or exclusion of liability for incidental or consequential damages. Accordingly, some of the above limitations or exclusions may not apply to you. However, in no event shall Edge Systems' aggregate liability to you or any third party for damages, losses, and causes of action exceed the amount paid by you, if any, for accessing this Site or $100, whichever is lesser. You agree to bring any and all actions within one year from the date of the accrual of the cause of action, and that actions brought after this date will be barred.

In the event that you have a dispute with Edge Systems, you release Edge Systems (and our officers, directors, agents, and employees) from claims, demands, and damages (actual and consequential) of every kind and nature, known and unknown, suspected and unsuspected, disclosed and undisclosed, arising out of or in any way connected with such disputes.

Links to Other Sites
Our Site may provide links to websites not operated by Edge Systems. Access to any other sites linked to this Site is at your own risk. We assume no responsibility for third-party websites. For example, we do not vouch for the accuracy or reliability of the information on third-party websites, even if someone from our company is quoted or leaves a comment. We assume no responsibility for the content of or services offered by linked third party-sites, and make no representations regarding the accuracy of materials on third-party Websites. Statements made on third-party Websites linked to or from this site reflect only the views of their authors and not of Edge Systems.

Unless otherwise set forth in a written agreement between you and Edge Systems, you may link your Website to the home page of our Site. [provided that you adhere to the following linking policy: (i) any link to Edge Systems' Site must be a text only link and clearly marked "Edge Systems Site," (ii) the appearance, position and other aspects of the link may not be such as to damage or dilute the goodwill associated with Edge Systems' name, trademarks, and certification marks, (iii) the link must "point" to the URL www.hydradermabrasion.com and not to other pages within our Site, (iv) the appearance, position and other attributes of the link may not create the false appearance that your organization or entity is sponsored by, affiliated with, or associated with Edge Systems, (v) when selected by a user, the link must display the Edge Systems. Site on full-screen and not within a "frame" on the linking Site, and (vi) Edge Systems reserves the right to revoke its consent to the link at any time and in its sole discretion.]

Violations and Additional Terms
Edge Systems reserves the right to seek all remedies available at law and in equity for violations of this Terms and Conditions statement, including suspending or blocking your access to the Site. Please see our Privacy Policy for our policies regarding privacy, which is incorporated herein by reference.

No Waiver
No delay or failure by Edge Systems to enforce any of these Terms and Conditions shall constitute a waiver of any of our rights under these Terms and Conditions. Neither the receipt of any funds by Edge Systems nor the reliance of any person on our actions shall be deemed to constitute a waiver of any part of these Terms and Conditions. Only a specific, written waiver signed by an authorized representative of Edge Systems shall have any legal effect.

Severability
If any clause or provision set forth in this Terms and Conditions statement is determined to be illegal, invalid or unenforceable under present or future law, the clause or provision shall be deemed to be deleted without affecting the enforceability of all remaining clauses or provisions.

Governing Law and Jurisdiction
These Terms and Conditions and any disputes arising under or related to these Terms and Conditions and/or the Privacy Policy or to this Site will be governed by U.S. federal law and the laws of the State of Florida, without reference to its conflict of law principles. Any such dispute shall be resolved exclusively in the state or federal courts in Miami, Florida, where we have our headquarters. You agree to submit to the personal jurisdiction and venue of the courts of the State of Florida for any legal proceeding involving the Site, regardless of who initiated the proceeding. This English-language Terms and Conditions statement is Edge Systems' official agreement with users of this Site. In case of any inconsistency between this English-language Terms and Conditions statement and its translation into another language, this English-language document shall control.

For More Information
If you have any questions regarding our Terms and Conditions statement, please contact us by sending an email to support@hydradermabrasion.com, calling our customer service at 1-877-831-3898, or writing to us at Edge Systems, 6800 S.W. 40th Street, Suite 102, MIAMI, FL 33155-3708, USA.

Changes to this Agreement
Edge Systems reserves the right, in its sole discretion, to modify, alter, or otherwise change this Agreement at any time. We will provide notice of such change on this Website. Please review the Terms of Use and/or Additional Terms periodically for changes. Your continued use of the Edge Systems' Website constitutes your acceptance of and agreement to be bound by these changes without limitation, qualification or change. If at any time you determine that you do not accept these changes, you must stop using this Website.

PRIVACY STATEMENTS

Information Collection & Use

Orders
If you purchase a product or service from us, we request certain personally identifiable information from you on our order form. You must provide contact information (such as name, email, and shipping address) and financial information (such as credit card number, expiration date).

We use this information for billing purposes and to fill your orders. If we have trouble processing an order, we will use this information to contact you.

Application Forms
If you apply for a loan [purchase an insurance policy, other product or service requiring financial information] on our site, we require that you provide certain personally identifiable information, including your name, address, phone number, credit card number [and Social Security number]. This information is necessary to process your application and to contact you.

Social Security Numbers
We require your social security number to provide financing. When you enter your social security number on our registration, we encrypt it using secure socket layer technology (SSL).

Tell-A-Friend
If you choose to use our referral service to tell a friend about our site, we will ask you for your friend's name and email address. We will automatically send your friend a one-time email inviting him or her to visit the site. Edge Systems does not store this information.

Uses of Information
This site does not store any information. Any e-mails, or filled-out Contact Us forms, from potential customers are responded to immediately and then their information is deleted from our databases.

Communications from the Site

Service-related Announcements
We will send you strictly service-related announcements on rare occasions when it is necessary to do so. For instance, if our service is temporarily suspended for maintenance, we might send you an email.

Generally, you may not opt-out of these communications, which are not promotional in nature. If you do not wish to receive them, you have the option to deactivate your account. [You may opt-out of these communications. Please see "Choice and Opt-out."]

Customer Service
Based upon the personally identifiable information you provide us, we will send you a welcoming email to verify your username and password. We will also communicate with you in response to your inquiries, to provide the services you request, and to manage your account. We will communicate with you by email or telephone, in accordance with your wishes.

Profile
We do not collect any information on the users of this website.

Information Sharing and Disclosure

Aggregate Information (non-personally identifiable)
We do not collect information on users of this website.

Personally identifiable information:
We DO NOT Share Personally Identifiable Information with Third Parties

Agents
We use a credit card processing company to bill you for goods and services. These companies do not retain, share, store or use personally identifiable information for any other purposes.

Service Providers
We do not use other third parties.

Legal Disclaimer
We reserve the right to disclose your personally identifiable information as required by law and when we believe that disclosure is necessary to protect our rights and/or to comply with a judicial proceeding, court order, or legal process served on our Web site.

Choice/Opt-out
We provide you the opportunity to 'opt-out' of having your personally identifiable information used for certain purposes, when we ask for this information. For example, if you purchase a product/service but do not wish to receive any additional marketing material from us, you can indicate your preference on our order form.

Log Files
We do not collect log files.

Cookies
We do not have cookies on our site.

Clear Gifs (Web Beacons/Web Bugs)
We do not have clear GIFs on our site.

Third Party Advertisers
There are no ads on this site.

Links to Other Sites
This Web site contains links to other sites that are not owned or controlled by Edge Systems. Please be aware that we, Edge Systems, are not responsible for the privacy practices of such other sites.

We encourage you to be aware when you leave our site and to read the privacy statements of each and every Web site that collects personally identifiable information.

This privacy statement applies only to information collected by this Web site.

Co-branded sites
There are no co-branded sites

Bulletin Boards/Chat Rooms
There are no bulletin boards or chat rooms

Access to Personally Identifiable Information
We do not store any personally identifiable information.

Security
The security of your personal information is important to us. When you enter sensitive information (such as credit card number and/or social security number) on our registration or order forms, we encrypt that information using secure socket layer technology (SSL).

We follow generally accepted industry standards to protect the personal information submitted to us, both during transmission and once we receive it. No method of transmission over the Internet, or method of electronic storage, is 100% secure, however. Therefore, while we strive to use commercially acceptable means to protect your personal information, we cannot guarantee its absolute security.

If you have any questions about security on our Web site, you can send email us at support@hydradermabrasion.com

Business Transitions
In the event Edge Systems goes through a business transition, such as a merger, acquisition by another company, or sale of all or a portion of its assets, your personally identifiable information will likely be among the assets transferred. You will be notified via prominent notice on our Web site for 30 days of any such change in ownership or control of your personal information.

Changes in this Privacy Statement
If we decide to change our privacy policy, we will post those changes to this privacy statement, the homepage, and other places we deem appropriate so that you are aware of what information we collect, how we use it, and under what circumstances, if any, we disclose it.

We reserve the right to modify this privacy statement at any time, so please review it frequently. If we make material changes to this policy, we will notify you here, by email, or by means of a notice on our home page. Send any questions to support@edge-systems.com

Contact Us
If you have any questions or suggestions regarding our privacy policy, please contact us at:

Consumer site for Hydradermabrasion, world leader in microdermabrasion technology.

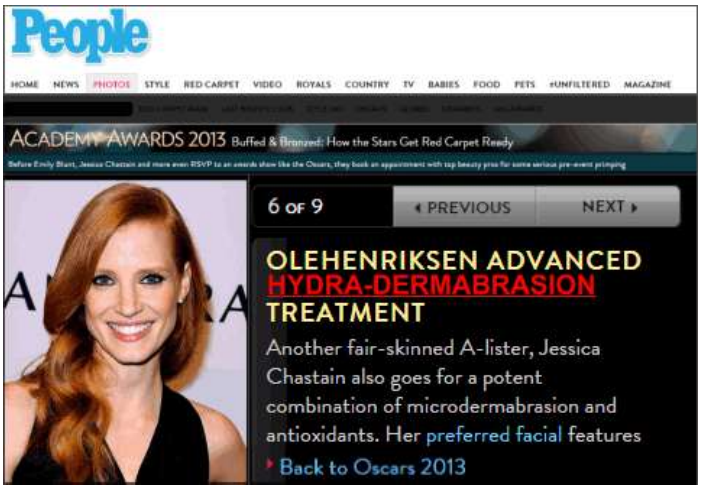
CONSUMERS

The Hydradermabrasion™ resurfacing procedure from Edge Systems, greatly increases the dermal penetration ability of a wide variety of medicinal products. This enhances the ability of several types of solutions and serums to positively affect both the dermis and epidermis. The patient benefits from the Hydradermabrasion's simultaneous exfoliation, extractions, and hydration.

It is a clinically proven non-invasive procedure that infuses antioxidants, peptides, and/or hyaluronic acid for instant results, but with little discomfort or downtime. Along with exfoliating the skin, the Hydradermabrasion is a drug-delivery technique that provides needle-less and pain-free delivery of dermatological treatments: such as proteins, peptides, stem cells, oligonucleotides, etc. It is considered to be the next generation of microdermabrasion.

In fact, several clinical studies have shown that the Hydradermabrasion™ rejuvenates the skin better than most other skin treatments treatments. Click on one of the medical journals on the right-hand side for more information.

In addition, there are several types of cosmeceutical solutions that may be used in conjunction with with a Hydradermabrasion™ treatment.



Several Popular Magazines Have Praised The Hydradermabrasion.

If you want to look your best, then ask your Dermatologist, or skin-care clinician, to offer you an authentic hydradermabrasion treatment with the Hydradermabrasion today!

Welcome to Edge Systems' new website

Edge Systems now introduces its newest device, the HydraDerm™. It is a medical-grade upgrade of Edge Systems' previous device. With more than 11 peer-reviewed studies, it is widely accepted to be a huge leap in hydradermabrasion technology. You now have the opportunity to offer your patients with the most sophisticated non-surgical modality by using the HydraDerm in your practice.

You can choose from any of the following solutions or serums for your patient's customizable needs: Activ-4™, Beta-HD™, Antiox-6™, Antiox-Plus™, GlySal™, DermaBuilder™.

What's new: the medical-grade HydraDerm™

Antioxidants and Hyaluronic Acid are infused to both nourish and protect.

FAQs (Frequently Asked Questions)

1. How can the Hydradermabrasion help me with my skin problems?

- The Hydradermabrasion has been clinically proven to help your own skin heal it self by deeply infusing various medicinal products down into the skin's surface using a cyclonic-action from the HydraPeel™ tip. In addition, the Hydradermabrasion can exfoliate using a separate handpiece with a diamond-encrusted tip. Special solutions are simultaneously used during the exfoliation which helps the diamond tip to better exfoliate, and with less irritation or redness for your skin. Hydradermabrasion™ works by activating a dermal remodeling/wound healing cascade, with minimal epidermal disruption. The partial ablation and homogenization of the stratum-corneum layer, afforded by Hydradermabrasion™, allows increased skin permeation by hydrophilic drugs. Therefore, if you want to look your best, don't forget to ask your Dermatologist or skin-care clinician to offer you an authentic hydradermabrasion treatment with the Hydradermabrasion today!

2. Why should I ask my dermatologist, or skin care clinician, to offer me an authentic Hydradermabrasion treatment?

- Edge Systems was the original developer of the concept of microdermabrasion, with simultaneous dermal infusion, back in 1996. Since then, we have consistently led the industry in new advances and improvements.

3. Why is Hydradermabrasion good for my skin?

- Several clinical studies have shown the importance of allowing your skin to heal it self. The best way to do this is by routinely exfoliating the upper-layer of your skin (*epidermis*). By exfoliating your skin, you are intentionally injuring it. The Hydradermabrasion exfoliates your skin in a scientifically correct way that combines a diamond-encrusted tip, vacuum pressure, and the simultaneous infusion of different types of medicinal solutions that are powerfully propelled deep down into your epidermal tissue.

4. How does the Hydradermabrasion reduce wrinkles?

- Wrinkles are the result of a loss of collagen, the main structural protein of your skin. As you age, your body begins to produce less of it, which prevents your skin from being as firm as it was when you were younger. But while that decline in collagen happens to everyone -- and wrinkles will form along the lines that are moved in your facial expressions -- sun exposure breaks down collagen even more, leading to wrinkles that otherwise might never have happened. However, simply applying these serums topically on to your skin is not enough, you need to push these medicinal products past your skin's tough upper-layer (*stratum corneum*) which is made entirely out of dead skin cells (*corneocytes*). While you cannot reanimate to life the dead skin cells of the stratum corneum, you can help the live skin cells located just below the stratum corneum. This is accomplished by the Hydradermabrasion special hand-piece and HydraPeel™ tips which propel the serums into the skin.

5. How long does the treatment take? Is there any downtime or pain involved?

- The "basic" Hydradermabrasion™ treatment takes approximately 30 minutes. You may put on make-up and return to your regular activities right after the procedure is finished. Although we do highly recommend to use sun-block and avoid direct sunlight for at least one day.

6. How many treatments do I need before I see positive results?

- The initial treatment is designed to not over-stress the skin, so it is not as intensive as all of the subsequent treatments. After the second treatment, you should see improvements to your skin's tone and an overall rejuvenation. For people who have scar tissue, hyperpigmentation, acne, and many other dermatological conditions, you will be prescribed at least three to four treatments that are spaced two weeks apart from each other. Thereafter, you should do Hydradermabrasion treatments at least once per month to maintain your healthy complexion.

7. Who can use the HydraDerm™?

- The Hydradermabrasion is only sold to licensed practitioners

8. Where is the HydraDerm™ manufactured?

- It is manufactured at our production facilities in the USA.

Pampering Before The Big Day! Celebs Flock To Their Favorite Spa Ahead Of The Oscars

With a client list including Oscar nominees Hugh Jackman, Amy Adams and Jessica Chastain, Ole Henriksen Face/Body Spa is the go-to place for Hollywood stars ahead of this Sunday's Academy Awards. With every inch of A-listers' bodies being primped and prepped as we speak, the Los Angeles sanctuary is the perfect place for them to get relaxing treatments and reduce their nerves while getting beautified.

While Charlize Theron can't live without the Power Peel which uses microdermabrasion to gradually reduce fine lines, wrinkles and facial scars, other celeb favorites include the Advanced **Hydra Dermabrasion** and the Purifying Complexion Treatment.

Harper's BAZAAR

BAZAAR AT THE ANTI-AGEING SHOW

Meet Harper's Bazaar 's beauty director at large Newby Hands this weekend

BY VICTORIA HALL 9 MAY 2014

This weekend, the Anti-Ageing Show is opening its doors for the second year running at Olympia London. With the crème de la crème of the health and beauty industry under one roof, including Dr Rita Rakus (also known as the London Lip Queen) and skin expert Dr Terry, it's an educational paradise for those who want to know the latest age-defying treatments, products and experts.

Tomorrow Newby Hands, *Bazaar's* beauty director at large, will be discussing the latest innovations and her insider tips on the Black Stage. To celebrate the partnership between the Anti-Ageing Show and *Bazaar* we're offering readers a two-for-one ticket offer code. All you need to do is quote 'Glow' when booking your tickets at Anti-ageingshow.com or call 0844 209 7323.

Other highlights of the weekend include:

An incredible hydradermabrasion facial that exfoliates and hydrates

EMMYS BEAUTY 101: 'THR' REVEALS WHERE THE STARS GET HD- CAMERA READY

ADVERTISEMENT

HOLLYWOOD BEAUTY: Skin! Hair! Brows! The industry's favorite destinations to get prepped for the TV business' most glamorous evening.

Mad Men's Christina Hendricks and Dexter's Julia Stiles have booked appointments at this zen-like West Hollywood spa with earthy-green interiors and soothing candlelight. The preferred treatment is the Ultimate **Hydra-Dermabrasion** Experience. It's an 80-minute facial that uses blue and red LED lights to reduce bacteria on oily-prone skin and stimulate collagen production, which lessens the appearance of fine lines and wrinkles. The procedure also includes gentle exfoliation, an organic lemon peel and a custom-blended mask. Guys such as Entourage exec producer Mark Wahlberg prefer the Purifying Complexion Treatment, which uses antibacterial extracts to help unclog pores and clear up breakouts. ($120 to $245 depending on treatment, 310-854-7700).

Liz Hoggard: 'would benefit from fillers'

Life beyond the knife

Can't we age gracefully, or rely on the latest non-invasive developments in cosmetic enhancement?

Jones, 52, underwent a lower facelift, followed by a lower blepharoplasty, where excess under-eye fat is cut away. Women everywhere are debating her decision. Feminists loathe the idea that women need to cut their faces. But we also understand the importance of necessary vanity (we're all going to be working for longer).

So when I heard that Madonna's dermatologist, Dr Fredric Brandt, was in London, I booked in for a consultation. Brandt, who counts Gwyneth Paltrow and Marc Jacobs among his clients, doesn't do facelifts. Instead he favours injectable fillers such as collagen, Restylane and Botox to restore volume. He sees himself as an artist, helping celebrities "sculpt" a younger version of themselves, rendering the old-fashioned facelift redundant.

The DNA Facial -- The most bespoke facial you can get, with results including much smoother, brighter, even plumped-up skin. What happens: Debbie Thomas prescribes each client on the spot, so depending on your skin type, you might have plumping **hydra-dermabrasion** or a glycolic peel, red and blue light therapy or even radio frequency therapy.
