Dear Panel,

Petitioner Topsoe and Patent Owner Air Liquide write jointly regarding logistics for the final hearing in IPR2025-01173, currently scheduled for October 7. Following the Panel's conference call with the parties on August 27 regarding hearing logistics, and after considering the options the Panel explained for the location and conduct of the hearing, together with the parties' schedules, both Petitioner and Patent Owner respectfully request that the final hearing be conducted fully remote.

The parties submit that good cause exists for a remote hearing for two reasons: (1) Patent Owner's travel schedule would prevent travel to Alexandria for the hearing date, and (2) both parties wish to avoid the additional expense associated with in-person travel and appearance.

The parties are available to answer any questions the Panel may have and thank the Panel for its consideration.

Respectfully submitted,
Jeff Andrews
Counsel for Petitioner
