To the Board,

Petitioner has been made aware, thanks to Patent Owner's alertness, of an error in the File History pdf, Ex. 1002, in this case.

Yesterday afternoon (9/15/2025), Patent Owner alerted Petitioner that page 83 of Ex. 1002 improperly lists Fischer as the Applicant of Publication No. 20080282652, when it should be Wardlaw. Petitioner investigated further and learned that page 2 of Ex. 1002 also has errors in the data listed on the Electronic Acknowledgement Receipt page.

Petitioner immediately investigated the source of these errors. After investigation, Petitioner believes these errors to be the result of a software error during the OCR process performed on the file history pdf that Petitioner obtained from the USPTO's Patent Center website. Petitioner apologizes to the Board and to Patent Owner for this error.

To immediately correct this error, Petitioner respectfully requests that the Board expunge Ex. 1002 as filed on July 2, 2025, and that Petitioner be granted permission to refile a corrected Ex. 1002 with a clean version of the file history downloaded from Patent Center, and with the same footer pagination.

Petitioner has conferred with Patent Owner who does not object to this correction.

Additionally, after discussion, Petitioner and Patent Owner agree that Petitioner's submission of this replacement Ex. 1002 does not waive any objections that Patent Owner may have, including under 37 CFR 42.64.

Respectfully,
