**PETITIONER MARVELL SEMICONDUCTOR, INC.'S  
OBJECTIONS TO EVIDENCE**

Pursuant to 37 C.F.R. § 42.64(b)(1) and the Federal Rules of Evidence, Petitioner submits the following objections to evidence filed by Patent Owner with Patent Owner's Response. These objections are timely filed pursuant to 37 C.F.R. § 42.64(b)(1) within five business days of service of the evidence. The Federal Rules of Evidence (F.R.E.) apply to these proceedings according to 37 C.F.R. § 42.62(a), and these rules form the basis of the objections contained herein.

| <b>Exhibit<br/>Number(s)</b> | <b>Objections</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |
|------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 2017                         | <p><u>Hearsay.</u> F.R.E. 801(c) and 802. Exhibit 2017 relies on documents that constitute or contain inadmissible hearsay, because the documents contain out-of-court statements that are offered for the truth of the matters asserted therein.</p> <p><u>Qualification of Expert Witness.</u> F.R.E. 401, 402, 403, and 702. This exhibit includes testimony not relevant to the instituted review, because, among other things, it has not been shown that the purportedly expert declarant is qualified to testify competently regarding the matters the opinions are said to address, or that the declarant's testimony is based on sufficient facts or data or arrived at by reliable principles, procedures, or methods reliably applied to the facts of this case, or that the declarant's opinion will assist the trier of fact to understand the evidence or to determine any fact in issue and does not have a greater potential to mislead than to enlighten.</p> <p><u>Personal Knowledge.</u> F.R.E. 602, 701, 801, and 802 and 37 C.F.R. § 42.61. This exhibit includes testimony that is not shown to be based on first-hand knowledge including of how relied-upon data was generated, is based on speculation, and constitutes and contains inadmissible hearsay.</p> |

| <b>Exhibit<br/>Number(s)</b> | <b>Objections</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
|------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                              | <p><u>Underlying Facts and Data.</u> F.R.E. 401 and 705 and 37 C.F.R. § 42.65. This exhibit does not disclose underlying facts and data and includes testimony on patent law and practice.</p> <p><u>Authentication.</u> F.R.E. 901(a). Exhibit 2017 relies on exhibits for which Patent Owner has not produced evidence sufficient to support a finding that the exhibits are what Patent Owner claims them to be or the dates on which they were allegedly published.</p> |
| 2019                         | <p><u>Authentication.</u> F.R.E. 901(a). Patent Owner has not produced evidence sufficient to support a finding that these exhibits are what Patent Owner claims them to be.</p> <p><u>Hearsay.</u> F.R.E. 801(c) and 802. The Patent Owner Response (POR) relies on these exhibits with out-of-court statements to prove the truth of matters asserted.</p>                                                                                                                |
| 2020                         | <p><u>Authentication.</u> F.R.E. 901(a). Patent Owner has not produced evidence sufficient to support a finding that these exhibits are what Patent Owner claims them to be.</p> <p><u>Hearsay.</u> F.R.E. 801(c) and 802. The Patent Owner Response (POR) relies on these exhibits with out-of-court statements to prove the truth of matters asserted.</p>                                                                                                                |
| 2021                         | <p><u>Authentication.</u> F.R.E. 901(a). Patent Owner has not produced evidence sufficient to support a finding that these exhibits are what Patent Owner claims them to be.</p> <p><u>Hearsay.</u> F.R.E. 801(c) and 802. The Patent Owner Response (POR) relies on these exhibits with out-of-court statements to prove the truth of matters asserted.</p>                                                                                                                |

| <b>Exhibit<br/>Number(s)</b> | <b>Objections</b>                                                                                                                                                                                                                                                                                                                                            |
