Features

The clamshell
Portégé G910 was
powered by
Windows Mobile 6
Professional. It had
a three-inch WVGA
touchscreen display
and supported tri-
band
GSM/GPRS/EDGE
and single-band
UMTS/HSDPA
connectivity.

It also featured
integrated GPS
(with gpsOneXTRA
Assistance
technology from
Qualcomm), Wi-Fi,
Bluetooth 2.0, both
a two-megapixel
and a VGA camera, a
biometric sensor
and a microSD
expansion slot.
