Re: **ImberaTek Patent Portfolio**

Dear Mr. Nelson M. Kee,

Your letters regarding ImberaTek Patent Portfolio, dated February 25, 2020 and May 5, 2020, were well received. In such letters, you stated that Unimicron Technology Corporation ("Unimicron") is likely utilizing and causing its customers and users to utilize certain U.S. patents of your company and mentioned certain product numbers of others. However, despite Unimicron's effort trying to send you a response at April 7, 2020, but in vain, as Unimicron's previous letter to your office was returned, there is no detailed information and we are unable to conduct any evaluation.

Sincerely yours,

For and on behalf of
Unimicron Technology Corporation
