

Semiconductors for the era of proactive AI

Amidst the paradigm shift triggered by AI, Semiconductor's R&D business unit is responding to the market's demand for high-performance and low-power AI by creating a wide array of logic and memory products.

Products & Technologies

Processor

The core that
redefines your device
From next-gen
mobile devices and...

Image Sensor

The most innovative
way of seeing
Samsung's ISOCELL
image sensors...

Display IC

Making displays
come alive
Proven in both
mobile and 8K TV...

Security Solutions

Top-notch security
Built for use in
various industries,
Samsung's solution...

Power IC

Heart of energy
Samsung Power IC
solutions rethink the
way products work ...
