Dear Joon,

I hope you are doing well too.

We agree with your proposal of the waiver of service. Please provide a waiver form. I just want to confirm that BOE will have 90 days to answer from the waiver.

Best regards,

Yanmin

主题: RE: Paneltouch v. BOE, Case 2:25-cv-00245 (EDTX)

Dear Yanmin,

I hope all is well. Thank you again for your hospitality during our Beijing meeting in May. I hope we can continue to maintain open communication and work toward a potential resolution.

As you know, following Paneltouch's filing of the complaint, the topic of BOE's waiver of service was brought up during our meeting(s). However, I don't believe BOE ever directly responded to the topic. Accordingly, Paneltouch intends to file a motion requesting that the Court authorize service on BOE via mail and email. In light of BOE's awareness of the complaint, including BOE's filing of IPR petitions, and the recent ruling in Element Capital, we believe this motion is likely to be granted in short order.

That said, Paneltouch would still prefer to avoid burdening the Court and therefore would like to ask whether BOE would agree to waive service. If BOE agrees, we will promptly provide a waiver form that BOE can fill out for filing with the Court. Please let us know if BOE agrees. If we do not hear from BOE by July 24, 2025 (U.S. Central Time), we will assume that BOE does not agree to waive service and go ahead with filing the motion.

I look forward to hearing from you.

Thank you,
Joon

Dear Yanmin,

Thank you for your message, and I hope all is well with you, too.

I am actually planning to be in Asia during the week of May 19, and I can meet in Beijing on May 19 (Monday) or May 23 (Friday), with a slight preference for May 19. Will either day work for you and the team?

Best regards,
Joon

Dear Joon,

I hope you are doing well.

We would like to have a meeting with you. Do you have any plan to come to Beijing in the near future? If an in-person meeting does not work for you, please propose a couple of timeslots for a video conference.

Best regards,
Yanmin
