Your Honors,

The parties jointly write to notify the Board that they have reached a settlement agreement and have agreed to seek a 45-day stay of these proceedings to allow them to finalize the settlement and jointly seek to terminate the proceedings. Patent Owner's preliminary responses and Petitioner's oppositions to Patent Owner's requests for discretionary denial were filed on October 20, 2025 for the 1266, 1289, and 1321 proceedings and November 5, 2025 for the 1350 proceeding. The parties respectfully request that the Director and Board hold in abeyance issuance of any decisions on discretionary denial and institution to allow the parties to finalize the settlement and seek to terminate the proceedings. This will preserve considerable resources by avoiding the need for the Director and Board to further assess the merits of institution while the parties work toward seeking joint termination.

The parties can make themselves available for a conference call, should the Board find it helpful.

Respectfully submitted,

John McKee (counsel for Petitioner)
