Dear Honorable Director Squires,

In IPR2025-01319, Patent Owner seeks authorization for a five-page reply to Petitioner's Discretionary Denial Opposition Brief to address the unforeseen and late-offered stipulation, and Petitioner's arguments regarding the appropriateness of filing a continuation application from a divisional application during prosecution, Patent Owner could not have foreseen.

Petitioner disagrees that its stipulation is "late-offered" but nevertheless does not oppose a three-page reply limited to addressing Petitioner's stipulation included in its Discretionary Denial Opposition Brief. Petitioner opposes Patent Owner's request to reply to any other issue and disagrees that raising prosecution-related issues would be unforeseen for Patent Owner.

The parties are available the following times (all ET) for a conference call, should one be required.

- Wednesday, November 19
 - 9 am – 4pm

- Thursday, November 20
 - 9 am – 3 pm

Regards,
Alexis
