Subject: IPR2025-01324 - Request for Authorization to File Motion to Accept Submission

CAUTION: This email has originated from a source outside of USPTO. **PLEASE CONSIDER THE SOURCE** before responding, clicking on links, or opening attachments.

Dear Board:

I write on behalf of Birchtech Corp., Patent Owner in the above-captioned matter. Due to difficulties with the PTACTS platform on Tuesday night, Patent Owner was unable to electronically file its Brief in Support of Discretionary Denial and accompanying exhibits with the Patent Trial and Appeal Case Tracking System (PTACTS) Tuesday night (9/30) before the filing deadline.

Consistent with the Office's guidance regarding PTACTS outages on its [website](#), Patent Owner served its Brief in Support of Discretionary Denial and accompanying exhibits in connection with the above-captioned matter on counsel for Petitioner, who are also copied here, via email on Tuesday, 9/30, before midnight ET. Subsequently, our team was able to access PTACTS and file the materials just after midnight ET on 10/1.

Accordingly, and in light of the Office's guidance regarding PTACTS outages, Patent Owner requests authorization to file a "motion requesting acceptance of the submission." Patent Owner has conferred with counsel for Petitioner, who does not oppose this request or the motion.

If the Board wishes to schedule a conference call to discuss the above, the parties will provide their collective availability for a call at the Board's request.

Sincerely,

Hamad Hamad
Lead Counsel for Patent Owner
