Lisa

Thank you for the draft schedule.

1. Before the parties get too far along can you advise if AGS would be amenable to stipulating to a stay pending the PTAB's institution decision?
2. Your schedule currently sets the Markman hearing for January 2027 and opening expert reports for February 5, 2027. Given that the Court advises the parties that to expect 60 days after the hearing before the issuance of a Markman ruling, this would have the parties serving their opening and rebuttal expert reports before the issuance of a Markman ruling. Can you advise if this was intentional or an error? If the latter can you provide a revised proposed schedule so that we can evaluate it?

Claim construction hearing	January __, 2027
Opening expert reports (¶ 8.f.i)	February 5, 2027
Responsive expert reports (¶ 8.f.i)	March 5, 2027
Reply expert reports (¶ 8.f.i)	March 19, 2027
Expert discovery cut off (¶ 8.f.iv)	April 16, 2027

3. Please let us know about 1 and 2. We will in parallel discuss internally and propose a time to meet and confer.

Thank you
Bryon
