VideoLabs, Inc. and **Roku, Inc.** (NASDAQ: ROKU) announce today they have entered into a patent licensing agreement. As part of the license, the parties have agreed to terminate all pending litigation. The agreement grants Roku a license to VideoLabs' ever-growing portfolio of patented video solutions, ensuring Roku customers continue enjoying a best-in-class streaming experience.

VideoLabs had this to share: "We are pleased to have reached a resolution with Roku and to have them join our licensing program," said Joe Chernesky, VideoLabs, CEO. "This agreement further underscores the value of our patent portfolio in the streaming market."

About VideoLabs

VideoLabs is comprised of a seasoned team of experts in innovation, intellectual property, law, technology, and finance boasting over 200 years of combined experience. Their industry knowledge allows them to provide a fast, clear pathway for patent holders to monetize their intellectual property. Over the course of their respective careers, the licensing professionals at VideoLabs have generated over \$3 billion in patent licensing revenue. To date, VideoLabs has acquired and aggregated more than 20 discreet patent portfolios from some of the world's most recognizable and inventive companies.
