COLE HAAN LLC,

Plaintiff,

TOP GLORY TRADING GROUP
INC. AND DP DREAM PAIRS INC.,

Defendants.

**CIVIL ACTION NO.

**DEFENDANTS'
PRELIMINARY CLAIM
CONSTRUCTIONS**

DEFENDANTS' PRELIMINARY CLAIM CONSTRUCTIONS

Pursuant to Local Patent Rule 4.2 and the Court's Scheduling Order (D.I. 49), Defendants Top Glory Trading Group Inc. and DP Dream Pairs Inc. (collectively, "Top Glory") hereby provide the following preliminary claim constructions and identifications of intrinsic and extrinsic evidence. Top Glory reserves the right to supplement its preliminary claim constructions and identifications of evidence.

Pursuant to Local Patent Rule 4.1(b), the parties met and conferred with counsel for Plaintiff on December 3, 2025. Pursuant to Local Patent Rule 4.2(d), Top Glory is prepared to meet and confer with Plaintiff for the purposes of limiting the terms in dispute by narrowing or resolving differences, and facilitating the ultimate preparation of a Joint Claim Construction and Prehearing Statement.

Top Glory's preliminary claim constructions and identifications of evidence are based upon currently available information. Top Glory reserves the right to modify this disclosure should additional information become available during the course of the litigation. Top Glory further reserves the right to assert that the terms below, among other terms, are indefinite, and reserves the right to seek construction of the claims as a whole.

The terms, clauses, and claim elements are generally identified at least in the claims where each term, clause, or claim element first occurs. Top Glory contends that other occurrences of the term, clause, or claim element, or a variant thereof, should also be construed, regardless of whether the other occurrences are expressly identified with respect to other claims.

Further, several of the identified phrases or clauses for construction can be divided or subdivided in various ways. Top Glory reserves the right to propose that parts or subparts of the identified phrases and clauses be construed by the Court.

In the event that the Court wishes for the parties to provide a tutorial or other background information on the general area of technology related to the patents asserted in this matter, Top Glory reserves the right to identify additional evidence for use in the presentation of the tutorial and background information. This includes intrinsic evidence and extrinsic evidence, including expert testimony.

Pursuant to Local Patent Rule 4.2(b), Top Glory is producing documents currently in its possession, custody, or control required to accompany these Preliminary Claim Constructions.

Subject to the above limitations and reservations of rights, Top Glory submits that the following terms, clauses, and claim elements should be construed by the Court.
