LOVE this shoe!

I've always liked tweed, so naturally I had to check out these shoes. The herringbone pattern and subtle colored flecks add depth and interest to the shoe, and they look nice enough to wear to work. They are just a little tight right out of the box, but I expect them to break in nicely.

Wonderful shoes!

These shoes are great! I bought them for work. They are dressy enough for work, but they are so comfortable. I was pleasantly surprised at how much arch support they offer as well

LOVE this shoe!

I've always liked tweed, so naturally I had to check out these shoes. The herringbone pattern and subtle colored flecks add depth and interest to the shoe, and they look nice enough to wear to work. They are just a little tight right out of the box, but I expect them to break in nicely.

Wonderful shoes!

These shoes are great! I bought them for work. They are dressy enough for work, but they are so comfortable. I was pleasantly surprised at how much arch support they offer as well
