Details

Technology

Returns & Exchanges

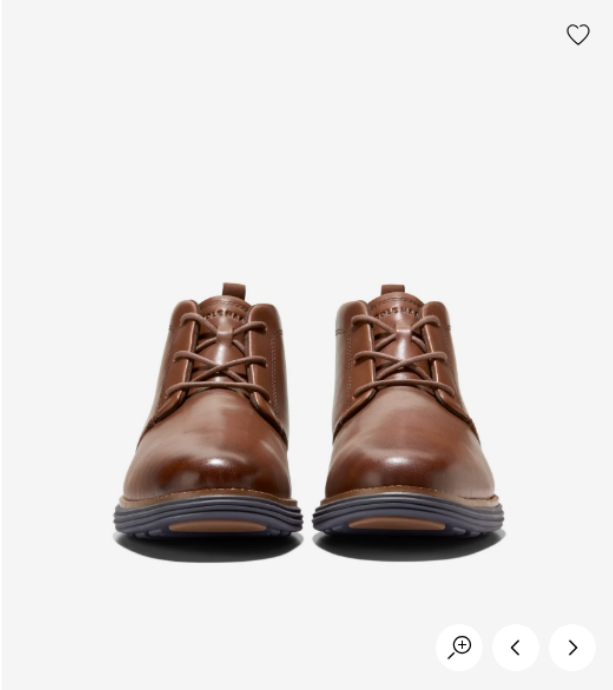

We kept the clean lines and casual style of desert boots, but upgraded almost everything else. For example, our OriginalGrand Remastered Chukka Boot is built with waterproof leather and seam-sealed construction. Best of all, we swapped those stiff crepe soles for our cushioned FlowerFoam™ midsole, an ultra-lightweight compound made with a minimum of 25 percent dandelion rubber.

STYLE #C38686

- Fit: This style runs small. Consider sizing up by half a size for a more ideal fit.
- Waterproof leather upper in Woodbury; three-eyelet lacing system
- High-traction outsole, with rubber insets at heel and toe
- FlowerFoam midsole, made with a minimum of 25 percent dandelion rubber
- Lined
- Made with waterproof leather and sealed seams to help keep the elements out

Is this leather?

I've head several CH boots in my life, but it's been a few years. This leather upper feels way different. It seems like a leather blend, sounds very plasticy and doesn't feel like a premium product you'd expect from a shoe at this price point.
