PATENT ASSIGNMENT

This PATENT ASSIGNMENT ("Patent Assignment") is made by the Arizona Board of Regents for and on behalf of Arizona State University ("ASU") (collectively the "Assignor") and Skysong Innovations, LLC, an Arizona limited liability company ("Skysong" as the "Assignee"), effective as of January 29, 2025 (the "Effective Date").

WHEREAS, Assignor possesses certain rights in and to the Patent Rights (as defined below); and

WHEREAS, in consideration for services provided and to be provided by Assignee in connection with managing intellectual property created by Assignor, Assignor desires to assign the Patent Rights to Assignee, and Assignee desires to acquire the Patent Rights from Assignor, in accordance with the terms and conditions of this Patent Assignment.

NOW THEREFORE, the parties agree as follows:

1. Assignment. For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby irrevocably conveys, transfers, and assigns to Assignee, and Assignee hereby accepts, all of Assignor's right, title, and interest in and to the following (the "Patent Rights"): (i) the patents and patent applications set forth in Schedule 1 hereto and all issuances, divisions, continuations, continuations-in-part, reissues, extensions, reexaminations, and renewals thereof; (ii) all patents and patent applications that claim priority to any of the foregoing; (iii) all patents and patent applications to which any of the foregoing claim priority, including all priority rights in, and all rights and entitlements to claim priority to, any of the foregoing; (iv) all rights of any kind whatsoever of Assignor accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions, and otherwise throughout the world, including all patents and patent applications filed outside the United States and corresponding to any of the foregoing; (v) any and all royalties, fees, income, payments, and other proceeds now or hereafter due or payable with respect to any and all of the foregoing; and (vi) any and all claims and causes of action with respect to any of the foregoing, whether accruing before, on, or after the date hereof, including all exclusionary rights and all rights to and claims for damages, including the right to sue for and collect past damages, restitution, and injunctive and other legal and equitable relief for past, present, and future infringement, misappropriation, violation, misuse, breach, or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages. As used in this document, the term "including" means "including, without limitation."
2. Recordation and Further Action. Assignor hereby authorizes the Commissioner for Patents in the United States Patent and Trademark Office and the officials of corresponding entities or agencies in any applicable jurisdictions to record and register this Patent Assignment upon request by Assignee. Following the date hereof, upon Assignee's reasonable request, and at Assignee's sole cost and expense, Assignor shall take such steps and actions, and provide such

cooperation and assistance to Assignee and its successors, assigns, and legal representatives, including the execution and delivery of any affidavits, declarations, oaths, exhibits, assignments, powers of attorney, or other documents, as may be reasonably necessary to effect, evidence, or perfect the assignment of the Patent Rights to Assignee, or any subsequent assignee or successor thereto.

3. Counterparts. This Patent Assignment may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed one and the same agreement. A signed copy of this Patent Assignment delivered by facsimile, e-mail, or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Patent Assignment.
4. Successors and Assigns. This Patent Assignment shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and assigns.
5. Governing Law. This Patent Assignment and any claim, controversy, dispute, or cause of action (whether in contract, tort, or otherwise) based upon, arising out of, or relating to this Patent Assignment and the transactions contemplated hereby shall be governed by, and construed in accordance with, the laws of the United States and the State of Arizona, without giving effect to any choice or conflict of law provision or rule.

IN WITNESS WHEREOF, the parties have caused this Patent Assignment to be executed by their duly authorized representatives to become effective as the Effective Date.
