Acceptance Certificate for Test Run of HTAS Ammonia Units (QAFCO- 5&6)

In accordance with Appendix II of the License Agreement between SNAMPROGETTI S.P.A. (Present SAIPEM ENI S.P.A) and Haldor Topsoe A/S a Test Run has been conducted for HTAS Ammonia units for QAFCO- 5&6.

The Test Run showed that the performance of the Units was in accordance with or better than the process performance guarantees stipulated in clause 1.0 of Appendix II of the License Agreement and consequently HTAS Units are deemed to have passed a successful Test Run.
