Note: All the data above was based on the tests by Eleaf factory. Only for your reference.

HW1

SS316L 40-80W
Best wattage: 50-65W

HW2

Kanthal 30-70W
Best wattage: 45-60W

HW3

Kanthal 50-130W
Best wattage: 70-90W

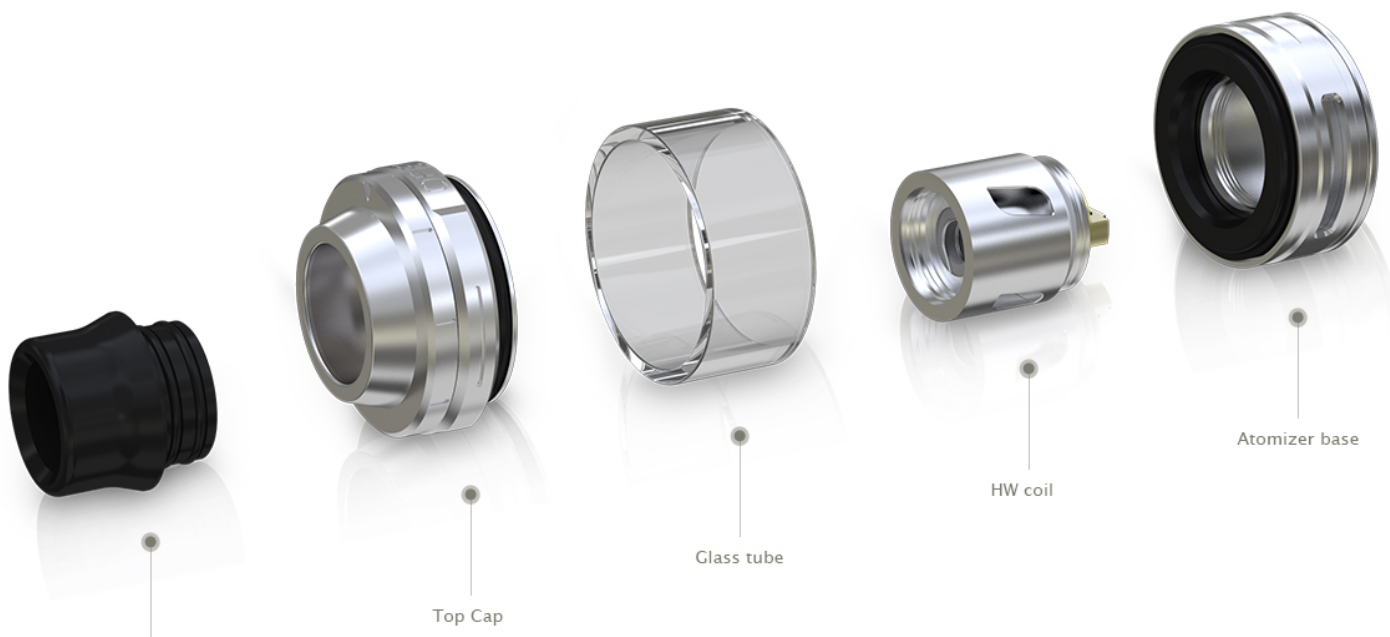

Convenient Retractable Top Fill System

To fill the ELLO tank, you just slide the drip tip back and it reveals the fill port, which is quite easy to use and works very well.

Detachable Structure for Easy Cleaning

All parts of the ELLO tank can be detached and reassembled, allowing great convenience to clean them.

Mouthpiece

Offering Two Drip Tips

The ELLO provides two drip tips for you, one with a tapered elegant shape and the other with a wider bore for more airflow and flavorful taste.

Dual Air Inlets with Optimal Airflow

The dual air inlets allow optimal airflow for great vapor production. And the airflow is adjustable by turning the airflow control ring.
