CAUTION: This email has originated from a source outside of USPTO. **PLEASE CONSIDER THE SOURCE** before responding, clicking on links, or opening attachments.

To the Honorable Board:

Petitioner Apple Inc. and Patent Owner MyPort Technologies, Inc. request authorization to submit a Joint Motion to Terminate the above-captioned proceeding. The '998 patent was dismissed from the co-pending litigation with prejudice because it was found to be invalid under 35 USC § 101 and that dismissal was not appealed. Therefore the '998 patent is no longer in dispute.

We have conferred with counsel for Patent Owner, who agrees with the contents of this email.

If the Board wishes to conduct a conference call, the parties will promptly provide a list of mutually available dates and times.

Best regards,

Calmann Clements
Counsel for Petitioner
