Petitioner's filing will be treated as timely. Petitioner's Opposition to Discretionary Denial Brief (Paper 9) has been expunged. Petitioner should file the corrected brief as soon as possible.

Dear Honorable Director:

I am counsel for Petitioner in the above-captioned matter. Petitioner respectfully requests (1) a one-day extension for its Opposition to Patent Owner's Request for Discretionary Denial ("Opposition," Paper 9) and (2) leave to file a corrected Opposition without references to Patent Owner's Preliminary Response ("POPR," Paper 8). Petitioner and Patent Owner conferred, and Patent Owner does not oppose this request.

Petitioner inadvertently docketed the due date for its Opposition under the old rules, one month after Patent Owner's Request for Discretionary Denial (Paper 7) was filed November 17, 2025. Petitioner thus filed its Opposition on December 17, 2025, rather than on December 16, 2025. Petitioner and Patent Owner conferred regarding a one-day extension to Petitioner's Opposition deadline. Patent Owner indicated that it does not oppose, subject to Petitioner removing references to the POPR from its Opposition. Petitioner agreed.

To the extent the Director wishes to hold a hearing on this request, Petitioner will reach out to Patent Owner and revert with the parties' availability.

Respectfully Submitted,  
Ogi
