ADJ TermA next to TermB in the order specified in the same sentence
ADJn TermA within n terms of TermB in the order specified in the same sentence
NEAR TermA next to TermB in any order in the same sentence
NEARn TermA within n terms of TermB in any order in the same sentence
WITH TermA in the same sentence with TermB
SAME TermA in the same paragraph with TermB
SAMEn TermA within n paragraphs (same document Section) of TermB in any order

\$ Truncation (zero or more) characters
\$n Truncation (zero to n) characters
? Truncation (exactly one) character
! Disable plurals

OR TermA or TermB or both are in the patent
AND TermA and TermB are both in the patent
NOT TermA not TermB is in the patent
XOR TermA or TermB but not both is in the patent

= Equal. Example: @pd=19910319
< Less than. Example: @pd<19971118
<= Less than or equal to. Example: @pd<=19971118
> Greater than. Example: @pd>19971118
>= Greater than or equal to. Example: @pd>=19971118
