Hi William,

Since receiving the electronic version of your letter on February 2nd, we have been diligently reviewing the patents and claim charts included therein. Ford respects the intellectual property rights of others and would like to set up a time to discuss once we have completed our review. However, due to the number of patents and different technologies referenced in your letter, we will need more time to complete our review. We hope to complete our review in the next 60-days, at which time we will reach out to you to set up a call.

Best regards,
Tom

Mr. Yebernetsky,

It has been a couple months since we sent our initial letter regarding the AutoConnect patent portfolio. Are you available for a call to discuss the matter? If so, please suggest some times that work for you over the next couple weeks.

Best Regards,
William
