Re: Request for granting a license pursuant to section 2.7(b) of Patent Cross License Agreement between LG. Philips LCD Co., Ltd and NEC Corporation for LCD entered on April 20, 2001

Dear Mr. Junghoon Kenneth OH:

We would inform you of NEC LCD Technologies, Ltd of 100% subsidiary of NEC Corporation, becoming a new company of "NLT Technologies, Ltd. (NLT)", newly started on July 1, 2011 as a joint venture company between AVIC international Group (70% shares holder) and NEC Corporation (30% shares holder) as attached press release on February 25, 2011.

With regard to the above-mentioned Patent Cross License Agreement, our new company, NLT Technologies, Ltd., has not met the requirement of "Subsidiary" that is prescribed "more than fifty percent (50%) of the outstanding shares" in the section 1.9 of the Agreement.

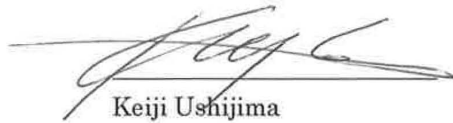

Therefore, pursuant to the last paragraph of the section 2.7(b), we would request LG.Philips LCD Co., Ltd, to grant a license continuously to NLT Technologies, Ltd on terms and conditions within the scope of the Agreement upon this request within three (3) months from July 1.

We would be appreciated if you would agree and confirm the above request.
If you have any questions and comments to the above, please don't hesitate to contact Mr. Seiji Suzuki who will handle this issue, as below.

Mr. Seiji Suzuki
Department Manager
Intellectual Property Department
Legal and IPR Division
Tel +81-44-435-1647
