Item Package Quantity	1
Package Information	Bottle

About this item

- DIHYDROBERBERINE from GLUCOVANTAGE - Each capsule contains 250mg of Dihydro Berberine and 250mg of Ceylon Cinnamon. For best results, take one capsule with or right after a meal of your choice — breakfast, lunch, and dinner.
- BERBERINE SUPERIOR ABSORPTION - Studies demonstrate that a dose of Dihydroberberine leads to significantly higher plasma levels than a similar dose (5X) of standard Berberine Supplement, offering a more efficient alternative.
- Reduced Risk of Gastrointestinal Discomfort - Due to its effectiveness at lower doses, Dihydroberberine is less likely to cause gastrointestinal side effects compared to traditional berberine supplements. Super Berberine!

From the brand

Vinatura Supplements

We stand by our Quality!

Honesty, Trustworthiness and Transparency.

At **Vinatura Supplements,** we care about the transparency, we care about the truth.

We're a team of highly experienced professionals who are passionate about promoting wellness.

Quality dictates everything we do, and our commitment to you is to manufacture the highest quality nutritional supplements using our state-of-the-art manufacturing techniques and the purest nutrients nature has to offer.

Let us support you in making a healthier life!

ARE YOUR PRODUCTS MADE IN A FACILITY REGISTERED WITH THE FDA?

Yes. We use only the best and highest quality, scientifically tested ingredients, and all of our products are manufactured in the USA in an FDA-registered, state-of-the-art facility under the strict adherence to good manufacturing practices (GMPs).

ARE YOUR PRODUCTS TESTED FOR PURITY & QUALITY?

Absolutely. All our supplements are rigorously third-party tested quality and ensure purity and potency.

ARE YOUR PRODUCTS NON-GMO?

Our products were tested thoroughly for mercury and there is NO higher than normal mercury level.

SPORTS NUTRI

Product description

DIHYDRO BERBERINE WITH CEYLON CINNAMON - Premium-quality nutritional **Berberine Supplement** crafted using advanced manufacturing techniques and the finest natural ingredients.

Ensuring the Safety and Purity

Clean Label Project Certification for Vinatura Supplements

- This Vinatura **Dihydroberberine** Supplement has **been awarded** Clean Label Project (**CLP**) Certification.
- This recognition reflects our unwavering commitment to **transparency**, **accountability**, and providing products that meet **the highest standards** of **safety** and **quality**.
- The CLP Certification goes beyond traditional quality measures by evaluating products for a wide range of potential contaminants, including: **Heavy Metals**; **Pesticides**; **Plasticizers**.

Vinatura Dihydroberberine Supplement

Certificate of Analysis for this product

- This is a **Certificate of Analysis** for the product Vinatura Dihydroberberine with Ceylon Cinnamon, issued for Vinatura Supplements LLC.
- The certificate **verifies the quality and composition** of the product through High-Performance Liquid Chromatography (HPLC) testing.
- The product was **tested by Qalitex Laboratories**, an independent, ISO 17025 accredited lab in Irvine, CA. The certificate ensures the product meets the most **stringent standards.**

Super Berberine Supplement

GlucoVantage Dihydroberberine

- GlucoVantage, the commercially available form of **Dihydroberberine**, is a patented derivative that offers significantly enhanced **bioavailability**, potentially achieving up to **5 times higher plasma levels** than conventional B**erberine**.
- This product features a substantial 250mg dose of Dihydroberberine, far exceeding typical market offerings. Such a high concentration ensures **more effective activation** of AMPK, a critical enzyme in **metabolism**, supporting healthier levels and overall **metabolic function.**

Fuel Your Health with Dual Strength

Metabolic Harmony

- The combination of 250mg of DihydroBerberine and 250mg of Ceylon Cinnamon provides a **powerful blend** for comprehensive **metabolic support**.
- DihydroBerberine's **superior absorption** enhances metabolism, while Ceylon Cinnamon adds an extra layer of metabolic balance.
- This dynamic duo works together to promote healthy levels and overall **metabolic function** with **minimal gastrointestinal discomfort**.

TRUSTED, TESTED, AND TRUE TO ITS PROMISE.

We prioritize transparency and quality, which is why our product is subjected to meticulous 3rd party lab testing right here in the USA. These tests ensure free from

harmful microbes and heavy metals, meeting the highest standards for purity and potency.

Jennifer Rutledge

Easy on the Stomach + Great Absorption

Reviewed in the United States on January 18, 2026

Verified Purchase

I've tried regular berberine before and wanted something that was easier on my stomach, so I decided to try VINATURA Dihydroberberine (GlucoVantage). I'm really glad I did.

The biggest difference for me is how gentle this one feels. With typical berberine, I sometimes got digestive discomfort, but with this formula I haven't had that issue. The capsules are small and easy to swallow, and I like that it's combined with Ceylon cinnamon, which is a great bonus ingredient for wellness support.

Overall, this feels like a high quality, clean supplement that's easy to add into a daily routine. I'll definitely be repurchasing.

Easy to Take, Easy to Love

Reviewed in the United States on December 17, 2025

Verified Purchase

As a busy mom juggling work, family, and everything in between, I'm always looking for simple ways to stay on top of my health without adding more stress to my day. I've been really happy with Dihydro Berberine & Ceylon Cinnamon by Vinatura Glucovantage. The capsules are CLP-certified, which gives me peace of mind about the quality.
The bottle comes with 30 capsules, making it easy to stay consistent for the whole month, and they're easy to swallow with no unpleasant taste—perfect for hectic mornings. Most importantly, I've noticed positive

Sponsored

changes in how I feel overall, especially with my metabolism and energy. If you're a mom trying to take care of everyone else while still prioritizing your own well-being, I definitely recommend giving this supplement a try.

★★★★★ **Great quality dihydroberberine – easy to take**

Reviewed in the United States on December 24, 2025

Verified Purchase

I've been using dihydroberberine for a while and decided to try this one from VINATURA. I really liked the formula with Ceylon cinnamon, and it feels gentle on my stomach. The capsules are easy to swallow and I've been feeling good since adding it to my routine. Overall, it seems like a high-quality supplement and I'm happy with my choice. I would buy it again.

C

★★★☆☆ **change in formulation --BE AWARE**

Reviewed in the United States on October 18, 2025

Verified Purchase

front of bottle (main label) is virtually identical but new bottles say "dihydroberberine & ceylon 500 mg" while bottles that look the same purchased a few months ago labeled "dihydroberberine 500mg & ceylon". Looking at the details on the back, the current formulation contain 1/2 (250mg dihydroberberine) of the previous formulation. I wouldn't have noticed excelt the color of the table changes substantially (much less yellow).

★★★★★ **Nice**

Reviewed in the United States on November 16, 2025

Verified Purchase

This VINATURA Dihydroberberine supplement has truly impressed me! I really appreciate that it includes the patented GlucoVantage formula, which helps the body absorb it far better than standard berberine. Since I started taking it, I've felt more energized, had fewer cravings, and noticed my blood sugar staying more steady. The added Ceylon cinnamon is a great bonus for extra metabolic support. The capsules go

down easily and don't upset my stomach. Overall, it's a premium product that delivers real benefits — definitely staying in my daily regimen!

Vic_3000

★★★★★ **Finally, a Berberine That Actually Gets Absorbed -- Worth the Premium**

Reviewed in the United States on July 10, 2025

Verified Purchase

My Background: Type 2 diabetic managing blood sugar naturally, previously tried regular berberine
After 6 weeks of daily use, I'm genuinely impressed with this upgrade from regular berberine. Here's what you need to know if you're considering making the switch.

What Made Me Try This
I'd been taking standard berberine (1000mg twice daily) for about 8 months with decent results, but dealing with stomach upset and needing those large doses was getting old. When I learned about dihydroberberine's supposed 5x better absorption, I figured it was worth testing despite the higher price point.

The Good Stuff:
Digestive relief was immediate. Within three days, the stomach cramping and loose stools that plagued me with regular berberine completely disappeared. Taking just one 500mg capsule with dinner has been so much easier on my system.

discon nected

★☆☆☆☆ **They quietly lowered the dosage of Dihydroberberine.**

Reviewed in the United States on August 10, 2025

Verified Purchase

I have Subscribe & Save on this, so I have bought this once a month for many months. However, I want to notify everyone that on 8/9/2025, I noticed that they quietly lowered the dosage of Dihydroberberine from 500mg to 250mg, and upped Ceylon Cinnamon from 100mg to 250mg. They updated the pictures to reflect the change, but they did not update the text. All text still incorrectly showed 500mg and 100mg. The price remained the same. The bottle size became slightly bigger. The color of the pill went from yellowish to brownish. On the front of the old bottle, "500mg" is the dosage of Dihydroberberine, but on the new bottle, "500mg" is the dosage of Dihydroberberine and Ceylon Cinnamon combined. That is just shady!

I think it's dodgy for them to make this change quietly. They should have at least lowered the price.

UPDATE: After I posted this, the text was updated to reflect the change as well.

About this item

- BETTER ABSORPTION WITH DIHYDROBERBERINE – GlucoVantage is the first Dihydroberine to be available commercially. Dihydroberberine is derived from the natural berberine plant and formulated for better absorption by skipping the step needed to activate berberine once in the digestive system. Berberine must be converted in dihydroberberine in the digestive system before it can be used. This may help reduce common side effects with berberine supplements.*
- SAME BENEFITS IN 1/3 OF THE DOSE – With Dihydroberberine, only 1/3 of the mg dose that berberine requires provides the same effectiveness in less capsules.*
- EXTRA SMALL CAPSULES – Our extra small capsules (size 3) provide the most researched effective dose of GlucoVantage (100 mg) in easy-to-swallow capsules with reduced fillers.*
- Non-GMO and made from natural berberine*
- MANUFACTURED IN THE U.S.A – Our products are stable and bioavailable for 2 years or more after the date of manufacture. You can find "best by" date on the label or stamped on the bottom of the bottle.*

Customers say

Customers find the berberine supplement effective for weight loss, particularly in reducing sugar cravings, and appreciate its excellent quality, small size, and reasonable price. The supplement is easy to swallow. While some customers report mild headaches, others experience exasperated insomnia.

Best Deal for Real Glucovantage Dihydroberberine

Reviewed in the United States on August 21, 2025

Verified Purchase

I have been using this product for over a year and had improved A1c and weight loss. It contains Glucovantage dihydroberberine which I believe is the best.

Amazon Customer

Works verywell

Reviewed in the United States on March 1, 2025

Verified Purchase

Best berberine I've used, lowers blood sugar levels. Been taking these for months, 3 a day, levels drop to almost near normal.
There are numerous advantages for berberine, 100% natural, do your reasearch to find the many benefits for your health.
In fact, some people replaced statins with berberine, a much safer alternative to big pharma synthetic drugs that come with side effects.

followed directions

Reviewed in the United States on January 17, 2025

Verified Purchase

I have been using this vitamin for a month and, like most vitamins, you can't really tell if it is doing as promised but I will continue.
The package was delivered per my request!

Mark Twain

caused the worst, most painful headaches ive had in my adult life

Reviewed in the United States on June 16, 2024

Verified Purchase

i have used berberine for many years without issue
after starting this product, i started to notice mild headaches after a couple of days

by the 4th day, i started having these brain buster headaches where every part of your skull is a pain center...completely debilitating
i havent had anything like this since i had migraines 40 years ago
after stopping the product, they started to recede after about 36 hours

now i go to make a return, and Amazon says i cant even return the unopened bottle that i have? sheesh
if you try this, make sure you dont order more than one bottle to start
disappointed in the Amazon return policy here...be careful

Update: the seller has reached out to help me resolve this situation...i really appreciate that have upgraded to 3 stars for good customer service...thanks!

Hydroxycut utilizes superior GlucoVantage for the other half of its Pro Clinical Series

The other half of Hydroxycut's all-new Pro Clinical Series, alongside Glucose Support designed specifically to support glucose uptake and healthy blood sugar levels, is Berberine DHB. The supplement is similar to Glucose Support in terms of how it takes an alternative approach to the category of weight loss and the method it utilizes. Berberine DHB gives away a lot of what it does in its title, as it gets its name from the one main ingredient, although it is not powered by any ordinary sort of berberine.

The team at Hydroxycut has designed Berberine around the superior super berberine, GlucoVantage dihydroberberine, which is five times more bioavailable than standard berberine. Alone, the ingredient improves metabolic health, insulin sensitivity, and body composition, leading to better weight management, and fitting nicely with Hydroxycut's overarching theme. The brand has included GlucoVantage in Berberine DHB at an effective 200mg in each of its 30, two-capsule servings a bottle.

NNB Exh. 2128, p. 051

Supplement Facts

Serving Size: 2 Capsules
Servings Per Container: 30

Amount Per Serving		% Daily Value
Vitamin C (as ascorbic acid)	90 mg	100%
Vitamin B6 (as pyridoxine hydrochloride)	0.42 mg	25%
Vitamin B12 (as methylcobalamin)	0.6 mcg	25%
Biotin	300 mcg	1000%
Magnesium (as magnesium oxide)	105 mg	25%
Zinc (as zinc oxide)	11 mg	100%
Chromium (as chromium picolinate)	35 mcg	100%
GlucoVantage® Dihydroberberine (DHB)	200 mg	†
Green coffee extract (as *C. canephora robusta*) (bean)	200 mg	†
Standardized for 45% chlorogenic acids		
Ceylon cinnamon (as *Cinnamomum verum*) (bark)	200 mg	†

† Daily Value not established.

To further the metabolism and weight management goals of Hydroxycut's Berberine DHB, GlucoVantage comes alongside two other primary components in green coffee extract at 200mg and another 200mg of a similarly minded and popular GDA ingredient in cinnamon bark extract.

You can use both the GlucoVantage-fueled Berberine DHB and Glucose Support together for even greater results, as they are designed for similar benefits and effects but simply rely on different ingredients, which is what allows them to be used together. Over at hydroxycut.com, you can grab either of the Pro Clinical Series supplements at $39.99 each, and if you want to commit to at least two months' worth, there are two-pack bundles available for either product, working out to just $30 each.

THE SCIENCE-BACKED EDGE

Every ingredient is chosen with purpose and backed by science to deliver meaningful results. Whether it's wellness or performance, each formula is fully dosed and built with innovation to help your body function at its highest potential.

LIVE WITHOUT COMPROMISE

We are dedicated to helping you achieve real results by ensuring every product is made with the highest-quality ingredients and uncompromising standards. Our commitment to excellence is built to help you reach your potential and live without compromise.

CARB CONTROL / GDA

Helps manage carbohydrate handling to direct nutrients toward muscle, not fat.

LEAN BODY MASS

Enhances nutrient partitioning and supports muscle uptake of nutrients to maintain lean muscle and minimize fat storage.

★ REVIEWS

BLOOD FLOW

Supports circulation and nutrient delivery so that muscle tissue receives fuel efficiently during and after meals.

DAILY PERFORMANCE

Helps support overall metabolic health, glucose control and nutrient efficiency as part of your daily routine.

FAT LOSS & BODY COMP

By improving insulin sensitivity and nutrient partitioning this formula can support better body composition and fat management.

METABOLISM SUPPORT

Supports efficient carbohydrate metabolism and insulin response to help drive nutrients into muscle tissue rather than fat.

Best GDA on the market

Compared to other glucose disposal agents, this one really makes a difference in distributing carbs post workout for a sold growth phase.

NutraBio
Thank you for sharing your experience! We're glad to hear that GDA is helping with carb distribution post-workout and supporting your growth goals. We appreciate your feedback and support!

FREQUENTLY ASKED QUESTIONS

What is NutraBio GDA and what does it do?

NutraBio GDA is an advanced glucose disposal agent formulated to help your body use carbohydrates more efficiently. It supports insulin sensitivity, shuttles glucose into muscle cells, and helps prevent fat gain from high-carb meals.

Who should use a glucose disposal agent?

When should I take GDA?

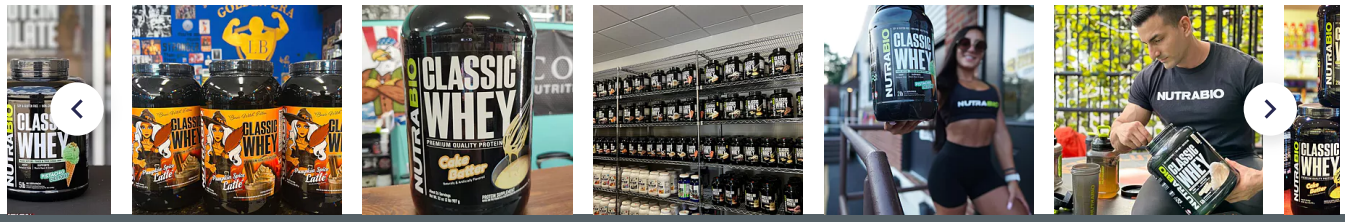

Do I need to cycle off GDA?

Can this GDA supplement help with fat loss?

Can I use GDA while on a low-carb or ketogenic diet?

Is this glucose disposal agent stimulant-free?

Can I stack GDA with other NutraBio products?
