Robotic & AI solutions for smarter, more productive operations

Automated inventory management

Accurately monitoring inventory is difficult and labor-intensive. The BrainOS® Sense Suite enables retailers and warehouses to autonomously track inventory with robots and AI, driving efficiency, improving the bottom line, and enhancing customer satisfaction.

Discover smarter inventory tracking

Automated floor care

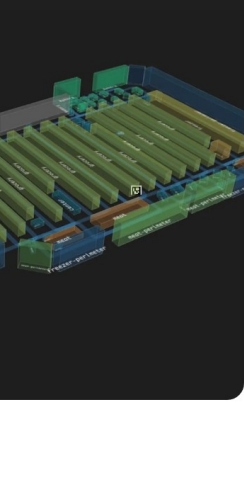

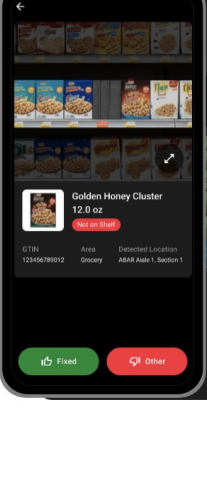

Many businesses face challenges with maintaining consistent, reliable cleaning operations. The BrainOS® Clean Suite automates floor care tasks, empowering facilities to boost productivity and improve cleanliness.

Learn more about floor care options

Remote site management

In-person visits by managers and corporate teams incur high costs and are time-consuming. BrainOS® Virtual Tours automates site visits with robot-enabled 360° views, empowering individuals to see their sites, engage in communication with their teams and maintain thorough oversight of daily operations.

A word from our customers

bers will enhance cleaning
g valuable time back to teammates
time doing what is most important:
otics and technology are
ig us improve in-store experiences
n-first values.

Kathryn McIay

Former President & CEO of Sam's Club, and now CEO of Walmart International
Speaking at Baird 2023 Global Consumer, Technology & Services Conference

Explore retail

I think that we're one of the first retailers in the world that actually gets a daily snapshot of exactly what our items are in what locations in the Club, whether it's on the floor or in the steel. And then we're using that to automate, at the moment, 35% of inventory tasks -- and, in the very near future, 70% of inventory tasks.

Todd Garner

Vice President of In-Club Product Management at Sam's Club

Explore retail

Sam's Club is hyper-focused on have a seamless shopping experience. Innovation we can implement to inventory scan to our current fit, we obtain critical inventory data consuming to obtain. This intel, proactively manage our clubs in inventory scan assures items at locate in the club, freeing up tim focus on members and the shop deserve.
