A word from our customers

Kathryn Mcfarland
Former President & CEO at Sam's Club, and now CEO of Walmart International

Speaking at Sam's 2023 Global Consumer, Technology, & Services Conference

"I think that we're one of the first retailers in the world that actually gets a daily snapshot of exactly what's on our items, and so what's exclusive in the Club, whether it's in the floor set or not in the floor set. We're using that to activate at the moment, 20% of inventory data -- and, in the very near future, 70% of inventory data."

Todd Garner
Vice President of In-Club Product Management at Sam's Club

sam's club

Sam's Club is hyper focused on have a seamless shopping expe and ensuring we have the right inventory. Scan is our current fi we obtain critical inventory data and insights that help us be m proactively manage our clubs a Inventory Scan access items at the right time, so our asso focus on members and the shop deserve.
