EXHIBIT A
Patent Assignment

This Patent Assignment ("Assignment") is entered into as of July 1, 2024, by and between RPX Corporation, a Delaware corporation, with principal place of business at Four Embarcadero Center, Suite 4000, San Francisco, CA 94111 ("Seller"), and Netskope, Inc., a Delaware corporation, with principal place of business at 2445 Augustine Drive, Suite 301, Santa Clara, CA 95054 ("Buyer") in connection with the consummation of the transactions contemplated by that certain Patent Sale and Assignment Agreement (the "Agreement") entered into concurrently by and between Seller and Buyer.

For good and valuable consideration, the receipt of which is hereby acknowledged, Seller hereby sells, assigns, transfers and conveys to Buyer, and Buyer hereby accepts and receives, Seller's entire right, title, and interest throughout the world in and to:

- (i) the issued patents identified on Schedule 1 to Exhibit A attached hereto and any issued patent or patent application that directly or indirectly claims or is amended to claim priority to any of the above, in whole or in part ("Listed Patents"),
- (ii) to the extent not included in (i), all issued patents, rights to inventions, and pending and future patent applications with respect to the patentable inventions from which such Listed Patents arise, including, without limitation, utility patents, utility models, design patents, inventions certificates, continuations, divisionals, continuations in part, requests for continued examination, reissues, reexaminations, renewals, and extensions thereof, in all countries of the world, as well as any patents and patent applications to which any of the Listed Patents or the foregoing directly or indirectly claim priority, in whole or part (clauses (i) and (ii), collectively, the "Assigned Patents"),
- (iii) all causes of action (whether known or unknown or whether currently pending, filed or otherwise) and other enforcement rights under or on account of, the Assigned Patents, including, without limitation, all causes of action and other enforcement rights for damages, injunctive relief, and any other remedies of any kind for past, current and future infringement, and
- (iv) all rights to collect royalties, damages, or other payments under or on account of the Assigned Patents and any foregoing clause (iii) other than those in Exhibit C of the Agreement.

The terms and conditions of this Assignment will inure to the benefit of Buyer, its successors, assigns, and other legal representatives and will be binding upon Seller, its successors, assigns, and other legal representatives.

In the event of any conflict between the terms of this Assignment and that Agreement between the Seller and Buyer executed prior to the date hereof, the Agreement will govern.

Notwithstanding anything to the contrary, nothing in this Assignment shall purport to grant, and the terms "Listed Patents" and "Assigned Patents" shall not include, any rights under any patents and patent applications that are broader in scope than those rights granted to Seller under the applicable patent rights acquisition agreement entered into by among Seller and any previous owners or assignees of such patents and patent applications that are listed in Exhibit C of the Agreement, redacted copies of which have been provided by Seller to Buyer prior to the Effective Date of this Assignment.

IN WITNESS WHEREOF, the Parties hereto have caused this Assignment to be executed as of the applicable date set forth below. Each individual signing for a Party represents and warrants that he or she has authority to sign for and enter into this Agreement on behalf of the respective Party.

SELLER:

RPX Corporation

By: David Anderson

Name: David Anderson

Title: CFO

Date: 6/30/2024

BUYER:

Netskope, Inc.

By: James Bushnell

Name: James Bushnell

Title: General Counsel

Date: July 1, 2024
