Hi Aron,

Thank You for connecting!

We recently received an offer to acquire our intellectual property (IP) portfolio from one of your direct competitors.

Our IP portfolio offers a unique market advantage, encompassing comprehensive technology related to LBS, mapping and navigation, particularly for indoor applications and its also covering waze beacon implementation..

It includes 19 granted patents and several pending applications, as well as prestigious trademarks such as "Indoor Navigation," "Indoor View," and "Indoor view .com"
