

UNITED STATES PATENT AND TRADEMARK OFFICE

BEFORE THE PATENT TRIAL AND APPEAL BOARD

STRATEGY INC.
Petitioner,

v.

WEB3AI TECHNOLOGIES, LLC,
Patent Owner.

IPR2026-00223
U.S. Patent No. 9,218,574

PATENT OWNER'S UPDATED MANDATORY NOTICES

Pursuant to 37 C.F.R. § 42.8, the Patent Owner, Web3AI Technologies, LLC, updates its mandatory notices regarding related matters. All other mandatory-notice information remains as indicated on Web3AI's initial mandatory notices (Paper 5) filed on February 13, 2026.

1. Related Matters (37 C.F.R. § 42.8(b)(2))

Earlier this week, in the related litigation, all claims of the patent under review (U.S. Patent No. 9,218,574) were held invalid as ineligible under 35 U.S.C. § 101. *See Web3AI Techs., LLC v. MicroStrategy Inc.*, No. 2-25-cv-00260, Dkt. 33 (E.D. Va. Mar. 30, 2026) (granting defendant/petitioner's motion to dismiss for failure to state a claim and dismissing the case with prejudice) (copy provided as Ex. 2012).

This ruling is relevant to Web3AI's pending request for discretionary denial (Paper 8) filed March 27, 2026. *See Hulu, LLC v. Piranha Media Distribution, LLC*, IPR2024-01252, -01253, Paper 27 at 2–3 (Apr. 17, 2025) (informative) (“Because the patent claims already stand invalid, it is unnecessary to institute another proceeding to review them for patentability under other grounds. In the event the Federal Circuit reverses the district court's decision, Petitioner may raise such invalidity arguments in the district court on remand. Under these circumstances, that is the better and more efficient approach.”).

Respectfully submitted,

Date: 2026 Apr. 3
