Subject: IPR2026-00223: Request for Call to Authorize Motion

Board,

Petitioner Strategy requests a call regarding authorization to file a motion to stay IPR2026-00223. In particular, Strategy would like to discuss authorization for the motion in view of the recent holding in the related district case, mentioned in Patent Owner Web3AI's updated mandatory notices on April 3, 2026.

We have attempted to meet and confer with Web3AI's counsel, and will continue to do so. Given the urgency of the upcoming due date of April 27 for the Patent Owner Preliminary Response, Strategy would like to schedule a call with the Board on Tuesday, April 21st if possible. We are available at any time on Tuesday and have communicated this to Web3AI's counsel. Web3AI's counsel indicated likely availability on Tuesday but did not provide specific

times, and we will update the Board with more specific timing as it becomes available.

With best regards,

Nicholas Jepsen
