1 going to hold you to that.

2 The timing -- talk to me a little bit about whether or
3 not I should rule on the motion to transfer before the motion
4 to dismiss.

5 And I'll give you a chance to weigh in on that, too,
6 because it -- well, let me tell you what my initial impression
7 is, is I'm certainly not going to impose a schedule until I --
8 so two things. I have not -- I do not have a deep well of
9 experience with patents, as I'm sure you probably know. And
10 you all do.

11 And so I looked at your schedule. This -- while it
12 seems very slow to me, I recognize that I've not done this as a
13 litigant before. So I'm inclined to say if you all say that
14 this is what seems right, then I'm inclined to just allow it.
15 But I'm disinclined to do that before I decide whether or not
16 I'm going to transfer the case.

17 Does anyone have a -- tell me about the sequence of
18 events that -- how you -- how you think this should all play
19 out.

20 MR. SUDER: Yes. Yes, Your Honor.

21 Venue motions, transfer motions, are typical in patent
22 cases, particularly cases filed in the Eastern and Western
23 District of Texas, which you hear a lot of cases were brought
24 there, the "Rocket Docket" of Judge Ward.

25 THE COURT: Yep.
