v.

Patent Owner.

IPR2026-00263

U.S. Patent No. 11,875,275

STIPULATION TO ACCEPT THE RECORD FROM IPR2025-00180

As detailed in the Motion to Proceed to Oral Hearing (Paper 4), if this IPR is instituted, Petitioner stipulates to accept the record in IPR2025-00180 as the record in this IPR, so that the Board in this IPR can proceed directly to oral hearing and to issuing a Final Written Decision. More specifically, the Petition in this IPR is substantively identical to the petition in IPR2025-00180. EX-1133 (redline showing non-substantive edits). Along with its Petition, Petitioner Sagemcom Broadband SAS (“Petitioner”) has filed (i) the entirety of the record from IPR2025-00180 in this IPR (EX-1001-1130) and (ii) the Supplemental Declaration of David B. Lett reaffirming the full record of his opinions he provided on behalf of the petitioner in IPR2025-00180 (EX-1131). If this IPR is instituted, Petitioner will accept all papers and expert testimony filed by Comcast in IPR2025-00180 as its own, and will not seek to file any additional papers or exhibits in this IPR, other than (1) to respond to any new papers or exhibits filed in this IPR by Patent Owner, (2) to request Director Review or rehearing of any decision made by the Director, his designee, or the Board in this IPR, (3) to appeal to the Federal Circuit any decision made by the Director, his designee, or the Board in this IPR, or (4) as the Director, his designee, or the Board may order. In addition, Petitioner will not seek to take any depositions in this IPR, other than if Patent Owner files any new declarations in this IPR, and will not seek to file any new demonstratives for oral hearing in this IPR.

Respectfully submitted,
