Subject: Sagemcom v. Entropic, IPR No. 2026-00263 -- Request for Authorization to File Petitioner's Motion To Withdraw and Substitute Counsel

CAUTION: This email has originated from a source outside of USPTO. PLEASE CONSIDER THE SOURCE before responding, clicking on links, or opening attachments.

Dear Honorable Board and Director Squires,

Petitioner respectfully requests authorization to file a motion to substitute and withdraw counsel in IPR2026-00263, substituting Daniel Keese as Lead Counsel and withdrawing Jessica Kaiser as Lead Counsel and Tyler Knox as backup counsel. Amanda Tessar will remain as back-up counsel. Petitioner proposes to file the motion within three business days of receiving authorization.

There is good cause for this motion, including because Petitioner has already filed an Updated Mandatory Notice and Updated Power of Attorney reflecting Petitioner's choice of counsel, and because granting the relief will not cause delay.

Petitioner has emailed counsel for Patent Owner twice, on September 17 and September 22, to request Patent Owner's position on this request for authorization, and Patent Owner has not provided a position.

If the Board or Director needs additional information regarding good cause to grant this request, Petitioner requests a conference call, and the parties will confer and provide times of mutual

availability.

Best regards,
