Honorable Director Squires,

In IPR2026-00291, Patent Owner respectfully requests leave to file a 3-page paper addressing the prior art stipulation (EX1018) filed by Petitioners with their discretionary denial opposition (Paper 6) on June 22, 2026.

Because the stipulation was filed together with Petitioners' discretionary denial opposition, Patent Owner has not yet had an opportunity to address its impact as contemplated by the Director's Discretionary Process guidelines, Section I.D ("If a petitioner chooses to file a stipulation, such as a *Sotera* stipulation, they should file it as soon as practicable, so that the patent owner may address the impact of the stipulation in its discretionary denial brief.").

I consulted with Petitioners' counsel, and Petitioners consent to leave for Patent Owner to file the requested 3-page paper.

If a conference call is needed, I am happy to check and report back with times that work for all parties' counsel. Petitioners' counsel are copied on this message.

Thank you,

Michael Rader
