

ENHANZE[®] Partnered Products

Halozyme's rHuPH20 is approved across multiple indications by regulatory agencies around the world to facilitate subcutaneous (SC) administration of co-administered drugs.

Solutions and
Potential Benefits

Partnered Products

Framework For
Success

ENHANZE[®] Partnered Products

Janssen

DARZALEX FASPRO[®] (daratumumab and hyaluronidase human-fihj) (U.S./China)

DARZALEX[®] SC (daratumumab)
(Outside U.S.)

DARZQURO[®] (daratumumab) (Japan)

RYBREVANT FASPRO[™] (amivantamab and hyaluronidase-lpuj) (U.S.)

RYBREVANT[®] SC (amivantamab) (EU)

RYBROFAZ[®] (amivantamab) (Japan)

Takeda

HYQVIA[®] [immune globulin infusion 10%
(Human) with recombinant human

hyaluronidase]

argenx

VYVGART® HYTRULO (efgartigimod alfa and hyaluronidase-qvfc) (U.S.)

VYVGART® (efgartigimod alfa) solution for injection (EU)

VYVDURA® (efgartigimod alfa and hyaluronidase-qvfc) combination subcutaneous injection (Japan)

Roche

PHESGO®

(pertuzumab/trastuzumab/hyaluronidase-zzxf) (U.S.) (pertuzumab/trastuzumab) (EU)

TECENTRIQ HYBREZA™ (atezolizumab and hyaluronidase-tqjs) (U.S.)

TECENTRIQ® SC (atezolizumab) (Outside U.S.)

OCREVUS ZUNOVO™ (ocrelizumab and hyaluronidase-ocsq) (U.S.)

OCREVUS® SC (ocrelizumab) (EU)

RITUXAN HYCELA®

(rituximab/hyaluronidase human) (U.S.)

MabThera® SC (rituximab) (Outside U.S.)

HERCEPTIN HYLECTA™ SC (trastuzumab and hyaluronidase-oysk) (U.S.)

Herceptin® SC (trastuzumab) (Outside U.S.)

Bristol Myers Squibb

Opdivo Qvantig™ (nivolumab and hyaluronidase-nvhy) (U.S.)

ENHANZE® by the Numbers

Commercial

10 commercial partnered products with ENHANZE® licensing

1 million patients treated in **100+** global markets

10s of billions of dollars in cumulative partner product sales

Regulatory

20+ partner programs to FIH dosing

100% success record (10 for 10) of regulatory approvals

Technical

100% of 40+ monoclonal antibodies tested to date demonstrated short term compatibility

2,500+ subjects characterized for immunogenicity across **18+** studies

2 commercial-scale GMP sources for robust rHuPH20 supply
