Job Description

Patent Attorney

Are you interested in the intersection of scientific innovation and property law, especially how to efficiently

About Us

We are one company, but we operate under two different corporate brand names. We are known as Merck & Co., Inc., Rahway, New Jersey, USA in the United States, Canada & Puerto Rico. We are known as MSD everywhere else.

Halozyme EX2006
Merck v. Halozyme
IPR2026-00314

capture innovation with intellectual property, incentivize continued R&D and drive access to life-saving medicines for patients? If so, the Patent Counsel role at our Company could be an ideal opportunity for you. We are looking for a highly motivated and skilled individual to join our team in Rahway, New Jersey.

In this role, you will work directly with our internal R&D team to identify inventions, conduct patentability assessments, and draft and prosecute patent applications for novel biological or chemical sciences inventions. The position will support programs in all phases of development, from discovery through development and commercialization, and allows for the support of programs in diverse areas (including different therapeutic areas and modalities). This role also provides exposure to and interaction with major areas of the business including discovery, development, manufacturing and supply, regulatory, business development, commercial groups, and other legal functions.

Responsibilities Include But Are Not Limited To:

- Working independently through product development teams to devise a patenting strategy with the goal of building robust portfolios of intellectual property for cutting-edge biopharmaceutical products;
- Drafting and prosecuting patent applications related to our Company’s products, product candidates and platform technologies on a global basis;
- Working with internal litigation colleagues to support oppositions, or other proceedings related to your supported programs;
- Working with a large team of in-house U.S. and European patent attorneys, paralegals, legal operations and support staff, and local agents;
- Conducting freedom to operate analyses for our Company’s R&D activities; and

- Actively supporting various business development activities (e.g., research collaborations and acquisitions) by conducting IP due diligence on assets or technology of interest, counseling the business as to IP expectations, and supporting the drafting and negotiation of related agreements, all while working with a team of scientific, legal and commercial functions.
- Some domestic and international travel may be required.

Position Qualifications:

Education Minimum Requirement:

- A minimum of a bachelor's degree in the biological, pharmaceutical or chemical sciences from an accredited institution; and
- Graduate of an accredited US law school.

Required Experience And Skills

- Registered to practice before the USPTO;
- Member in good standing of a Bar of at least one state or the District of Columbia;
- Five (5) or more years of experience as an attorney in a law firm or corporate setting, drafting and prosecuting biologic/vaccine and/or pharmaceutical patent applications (Note: time accrued as a practicing patent agent may be considered);
- Strong technical background in the biological sciences; and
- Excellent communication and analytical skills.

U.S. Hybrid Work Model

Effective September 5, 2023, employees in office-based positions in the U.S. will be working a Hybrid work consisting of three total days on-site per week, Monday - Thursday, although the specific days may vary by site or organization, with Friday designated as a remote-working day, unless business critical tasks require an on-site presence. This Hybrid work model does not apply to, and daily in-person attendance is required for, field-based positions; facility-based, manufacturing-based, or research-based positions where the work to be performed is located at a Company site; positions covered by a collective-bargaining agreement (unless the agreement provides for hybrid work); or any other position for which the Company has determined the job requirements cannot be reasonably met working remotely. Please note, this Hybrid work model guidance also does not apply to roles that have been designated as “remote”.

The salary range for this role is

\$206,200.00 - \$324,600.00

This is the lowest to highest salary we in good faith believe we would pay for this role at the time of this posting. An employee’s position within the salary range will be based on several factors including, but not limited to relevant education, qualifications, certifications, experience, skills, geographic location, government requirements, and business or organizational needs.

The successful candidate will be eligible for annual bonus and long-term incentive, if applicable.

We offer a comprehensive package of benefits. Available benefits include medical, dental, vision healthcare and other insurance benefits (for employee and family), retirement benefits, including 401(k), paid holidays, vacation, and compassionate and sick days. More information about benefits is available at <https://jobs.merck.com/us/en/compensation-and-benefits>.

You can apply for this role through <https://jobs.merck.com/us/en> (or via the Workday Jobs Hub if you are a current employee). The application deadline for this position is stated on this posting.

San Francisco Residents Only: We will consider qualified applicants with arrest and conviction records for employment in compliance with the San Francisco Fair Chance Ordinance

Los Angeles Residents Only: We will consider for employment all qualified applicants, including those with criminal histories, in a manner consistent with the requirements of applicable state and local laws, including the City of Los Angeles' Fair Chance Initiative for Hiring Ordinance

Search Firm Representatives Please Read Carefully

Merck & Co., Inc., Rahway, NJ, USA, also known as Merck Sharp & Dohme LLC, Rahway, NJ, USA, does not accept unsolicited assistance from search firms for employment opportunities. All CVs / resumes submitted by search firms to any employee at our company without a valid written search agreement in place for this position will be deemed the sole property of our company. No fee will be paid in the event a candidate is hired by our company as a result of an agency referral where no pre-existing agreement is in place. Where agency agreements are in place, introductions are position specific. Please, no phone calls or emails.
