Resmed

Our History

35 years of research & innovation

How can I help?

Every day we come to work with a focus on building and supporting technology that **helps people live healthier, happier**

It began over 35 years ago with the invention of a **machine that helped people breathe easier** and sleep better. And it continues today with **digital health solutions** that help keep people out of the hospital.

35 years at a glance

May 29, 1989

Hello, world!

Peter Farrell founded ResCare to commercialize positive airway pressure (PAP) therapy equipment for people with sleep apnoea.

The first pre-assembled PAP mask, the nasal "Bubble Cushion" was patented and exclusively licensed to ResCare.

1995

New name, same vision

Changed our name to Resmed, short for "Respiratory Medicine".

Late 90's

Leaders in comfort

Launched out first branded humidifier (HumidCare) and automatic PAP device (AutoSet T), combining to deliver warm air at the lowest pressure needed.

2002

Resmed Foundation

In its continuing efforts to promote sleep and breathing research, as well as physician and community awareness, Resmed Corporation established the **Resmed Foundation** on June 14, 2002.

2003

Going digital

Launched our first software program, ResLink – helping sleep doctors verify patients' adherence and improve their therapy.

2005

Acquired SAIME and entered the world of respiratory care, working together to develop in-home life-support ventilators.

2008

Better sleep for women

Created the first-ever PAP mask made specifically for women: Swift LT for Her.

2012

Remote Monitoring leaders

Acquired Umbian, whose U-Sleep program helps clinicians track and improve PAP adherence and enhances Resmed's own AirView program which today monitors more than 19 million patients.

2014

A stronger connection

Made history by introducing the Air10 Series: the first line of 100% cloud connectable devices. With both remote and self-monitoring solutions, PAP adherence rises up to 87%.

SAAS is Born in the US

Created an ecosystem of SaaS (Software as a Service) platforms and services for out-of-hospital care providers by acquiring companies such as Brightree, HEALTHCAREfirst, and MatrixCare.

2017

How'd you sleep?

Capital Advisors).

Our Culture

We value fostering a **positive culture** of **belonging**, **inclusion**, and **diversity** so that everyone can **be their best self at Resmed**. We work hard to make sure everyone is **seen**, **valued**, and **engaged**.
