Petitioner Skechers U.S.A., Inc. (“Petitioner”) respectfully submits this Motion to seal its Search Disclosure Statement (“SDD”), request *in camera* review of its SDD, and seek entry of a proposed Modified Protective Order.¹

I. Relief Requested

Pursuant to Director Squires’ November 17, 2025 Memorandum, *Voluntary Search Disclosure Declarations as a Favorable Factor in Institution Decisions* (“Director’s Memorandum”), and under 37 C.F.R. §§ 42.14 and 42.54, Petitioner hereby respectfully (1) moves to seal Petitioner’s Search Disclosure Declaration (“SDD”), filed concurrently herewith as Exhibit 1040 (“EX1040”); (2) requests *in camera* review thereof; and (3) moves for entry of its proposed modified version of the Board’s Default Protective Order (“Modified Protective Order”). A clean version of the Modified Protective Order is included as Attachment A, and a redline version showing changes to the Board’s Default Protective Order is included as Attachment B. In accordance with the modifications thereof, the SDD is designated as “PROTECTIVE ORDER MATERIAL – FILING PARTY AND BOARD ONLY,” and has been filed under “Filing Party and Board” in accordance with the confidentiality procedures outlined in the Director’s Memorandum.

¹ Director Squires’ November 17, 2025 Memorandum expressly authorizes Petitioner to file this Motion. The Director further provided authorization to re-file the SDD, filed concurrently with the original Petition, as an exhibit by an email dated June 5, 2026. Petitioner therefore did not separately seek the Board’s authorization or confer with the Patent Owner.

II. Good Cause Exists For Sealing Petitioner's SDD, Conducting *In Camera* Review, and Entering The Modified Protective Order

The *Office Patent Trial Practice Guide* (“PTAB Practice Guide”) provides that “the rules aim to strike a balance between the public’s interest in maintaining a complete and understandable file history and the parties’ interest in protecting truly sensitive information.” 77 FED. REG. 48756, 48760 (Aug. 14, 2012). Further, those rules “identify confidential information in a manner consistent with Federal Rule of Civil Procedure 26(c)(1)(G), which provides for protective orders for trade secret or other confidential research, development, or commercial information.” *Id.* (citing 37 C.F.R. § 42.54). Thus, the Board may, for good cause, issue an order to protect a party or person from disclosing confidential information, including, but not limited to, “[s]pecifying terms, including time and place, for the disclosure or discovery.” 37 C.F.R. § 42.54(a).

In accordance with the Director’s Memorandum, the SDD details “the databases and repositories in which the asserted prior art was located; the general search approach, search terms, filters, queries, or classification pathways employed; other analytics or publicly accessible resources consulted; the amount of time spent on the search; and the amount of time spent reviewing search results.” Director’s Memorandum at 1. In other words, Petitioner’s SDD describes search strategies, search terms, filters, queries, classification pathways, time spent,

and/or the like of its attorneys and/or associated agents, all of which constitute protected work-product, the disclosure of which would act to “disrupt the orderly development and presentation of [Petitioner’s] case” before the Board. *United States v. Nobles*, 422 U.S. 225, 238-39 (1975); *see also id.* (“At its core, the work product doctrine shelters the mental processes of the attorney, providing a privileged area within which he can analyze and prepare his client's case.”); *id.* (“It is ... necessary that the doctrine protect material prepared by agents for the attorney as well as those prepared by the attorney himself.”). Inasmuch as the Petition does not rely on the SDD, which is being submitted in accordance with the procedure outlined in the Director’s Memorandum solely to aid in the Director’s exercise of his discretion over the institution process, there is no need for Patent Owner to have access to the SDD in connection with this *inter partes* review, nor any prejudice if the SDD is reviewed *in camera* with Filing Party and Board access only. Petitioner further notes that the Director’s Memorandum states that if the SDD is “filed as confidential, the SDD will not be publicly disclosed except as required by law.” Director’s Memorandum at 2.

Accordingly, Petitioner submits that good cause exists to grant its Motion to seal, conduct *in camera* review of its SDD, and enter its Modified Protective Order.

III. The Modified Protective Order

Pursuant to 37 C.F.R. § 42.54, Petitioner requests that the Modified Protective Order attached below as Attachment A be entered. The Modified Protective Order designates the SDD as “PROTECTIVE ORDER MATERIAL – FILING PARTY AND BOARD ONLY” and, in accordance with the Director’s Memorandum, states that “the Office may use the information in the SDD for internal training, improving examination processes, and analytics.” These modifications effect the necessary and appropriate confidentiality status of the SDD and explicitly acknowledge the Office’s ability to utilize the SDD for the purposes enumerated in the Director’s Memorandum.

Petitioner reserves the right to seek appropriate further modifications to the Modified Protective Order in the future to the extent necessary.

IV. Conclusion

For the reasons set forth above, Petitioner respectfully requests that the Board (1) grant Petitioner’s Motion to Seal; (2) provide for *in camera* review of Petitioner’s SDD; and (3) enter the Modified Protective Order included as Attachment A.

Dated: June 12, 2026
