Greg,
My recommendation is to let BK serve in the innovation center and keep our booth as display and technical information.

Dennis,

MJ mentioned BK was doing cooking/tasting at the show. It will be much more to try to orchestrate, but should we target serving product out of the IRHS and Fry Dump from the Duke booth?

Richard,
We will need to submit our booth layout to Diana Lundie. Our goal at the planning meeting Aug. 13 should be to finalize the equipment in the booth and zero in on a layout to submit to her.

Subject: BURGER KING CORPORATION 2013 GLOBAL CONVENTION - Notice to Exhibitors

Good afternoon.

The 2013 Global Convention is just around the corner and there are a few items I wish to bring to

your attention. While these forms are included in the Exhibit Kit distributed by Freeman, I have attached them for your convenience.

Notification of Intent to Use EAC

This form needs to be completed and emailed to me no later than September 6 along with the General Liability Insurance Certificate if applicable.

Sample Food and/or Beverage Distribution Form.

If you are planning to do any sampling of food or beverages you need to complete this form. The date for submission was August 1st. If you have not already done so, please send as soon as possible. These forms must be reviewed and approved by BKC.

Island Booth Space Exhibitors Only:

If you have an island space booth you must submit the design to me for review if you have not already done so. We would like to resolve any potential design problems/questions prior to set up on the show floor.

Please disregard this email if the above items do not apply to your company.

We are looking forward to an fantastic convention and we appreciate your support and participation. Please let me know if you have any questions or need any assistance.

Best regards,

Diana K. Lundie

Can't we circulate the units and get them from location to location in time? We need to be very careful on using too many parts for these instead of production builds.

Toni,

Please advise the number of units desired.

I currently see 4.

- 1) At the EPI training camp show 10/3
- 2) Shipping tomorrow (10/11) to BK New England FA
- 3) Unit I am building now for Reno show On 10/20
- 4) Baltimore on 10/27

I can build a 4th or we can expedite the return of the EPI unit

Please advise.

Scott per John Ulrich:

The fry holding unit FHU-2 will be on an island and will need an overshef. The handing for the IRHS-22 does not matter (as compared to BK) so I would take whatever is available.

Intended Use for Materials

Website - iPads: The Duke BK website has very detailed, in-depth product pages, which can be displayed on the iPads. These pages allow you to “jump around” and tell the Duke story.

Brochures: Product overviews and selling points. Great “take-away” to give customers.

Equipment Displays: materials will be on the equipment, describing the technical details.

Videos: these will be playing in loop, facing the BK booth, on large HDTVs. They're also available on the BK website.

Subject: BKNA 2014 -- Lead Retrieval -- Equipment Upgrade

Dear BKNA 2014 Exhibitor;

Please be advised we will be upgrading your Lead Retrieval equipment for the upcoming BKNA 2014 Event. You will be supplied with our mLeads APP on an iPad Air as your onsite scanner platform. External printers are not supported (excluding printers.) All other aspects of your order will stay the same; there will be no changes in billing, onsite pickup or post show leads access. Please plan to pick this equipment up at our onsite customer service desk and also to contact us directly for any additional assistance.

Thank you and have a great tradeshow.
